

Childcare:

We have wraparound childcare services for interested families who attend our schools, preschool through grade four. Kids Korner provides care and education for children before and after school and on non-school days including summer. Kids Korner provides a safe and nurturing environment for children. Activities include recreation, social emotional development, and academic enrichment. Kids Korner is a program certified by the Department of Human Services. Kids Korner accepts families using the Child Care Assistance Program. Second Step Curriculum is used with students to promote Social/Emotional wellness. Kids Korner staff are First Aid and CPR certified. Our typical school year includes about 420 students and 30 staff members.

Community Education Youth Enrichment:

These programs provide educational programs and activities extending beyond the school day. After-school enrichment supports development of social, mental, physical and creative abilities. Scholarships may be available upon request.

Community Education Adult Enrichment:

Non-credit programs provide opportunities for adults to gain new skills and knowledge while building strong connections with their community.

Community Education Advisory Council:

Community education programs are intended to maximize the community's use of public schools and to expand the involvement of community members who have skills and knowledge to share. Districts establishing a community education program must provide for a citizens' advisory council to advise the school administration on how best to use school facilities and community resources.
