

---

**Note:** The [Texas Guide to School Health Services](#)<sup>1</sup> on the Texas Department of State Health Services (TDSHS) website has information and guidelines regarding blood-borne pathogens and universal precautions; emergency care; physical and psychological evaluations; immunizations; medication administration; school-based health centers; health screenings; and student safety.

The TDSHS website also has information and procedures regarding [tuberculin tests](#)<sup>2</sup> and [head lice](#).<sup>3</sup> Additional information on head lice can be found on the [Centers for Disease Control and Prevention website](#).<sup>4</sup>
