August 2021

Dear Parents/Guardians:

The Charles County Public Schools *Code of Student Conduct* includes standards of conduct including behavioral expectations expected of all students. The guidelines align with the state's code of discipline for all public schools and include standards of appropriate student conduct and consequences for violation of the standards.

The guidelines include behavioral expectations, but they also provide prevention, intervention, restorative and incentive-based strategies to respond to student misconduct. The guidelines also contain detailed explanations of specific student behaviors that are not permitted.

The *Code of Student Conduct* outlines the behaviors we expect to keep your children safe from the moment they step on a bus or walk in the front doors of our schools, until they leave for the day.

Our schools have high standards for school safety. Emergency drills, cameras, school resource officers, check-in procedures, identification badges, staff training and other precautions help us provide safe schools for teaching and learning.

Please read this information, and share and discuss the *Code of Student Conduct* with your children. Then sign, along with your child, the signature page located at the back of this booklet and return it to your child's school.

If you have questions, please call your school principal or the Director of Student Services, 301-392-7510.

Thank you for your support of teaching and learning in Charles County Public Schools.

Sincerely,

Maria V. Navarro, Ed.D.
Superintendent of Schools

This booklet provides guidelines and procedures for student conduct and discipline in Charles County Public Schools (CCPS). It is designed to be used together with state guidelines of student rights and responsibilities and the student handbook published by each school annually.

Please note the documents located at the back of the booklet - a copy of the Bullying, Harassment or Intimidation Reporting Form and a signature page. Please remove the Bullying, Harassment and Intimidation Reporting Form and keep it for your records. Complete the signature page, have your child sign it and return it to your child's school. Your signature indicates that you and your child have received and reviewed the contents of the booklet, including the internet contract and bus transportation rules.

Any student not returning a signed contract will not be allowed to access the internet at school. The Bullying, Harassment or Intimidation Reporting Form is also posted on the system website, www.ccboe.com. Any parent or student who would like to report child abuse or neglect is encouraged to call the Charles County Department of Social Services at 301-392-6400, or the Charles County Sheriff's Office at 301-932-2222, or the National Child Abuse Hotline at 800-422-4453. Parents and students may report any concern of school safety to safeschoolsmd.org or 833-632-7233 (833-MD-B-SAFE).

CCPS has an online reporting system called See Something, Say Something. CCPS values safety and promotes a culture of putting safety first. If you or your child see something that involves bullying, harassment, threats to school safety or staff misconduct, please report the information to a trusted adult or to the See Something, Say Something link at ccboe.com.

Philosophical Principles

The Board of Education of Charles County is committed to creating and maintaining excellent schools where teaching and learning occur in a safe, supportive environment. The mission of Charles County Public Schools (CCPS) is to provide an opportunity for all school-aged children to receive an academically challenging, quality education that builds character, equips for leadership, and prepares for life, in an environment that is safe and conducive to learning.

CCPS school discipline policies and the following philosophical principles guide practices:

- CCPS is committed to providing teaching and learning in a safe school environment that maintains the order, safety and discipline necessary for effective learning. There is an expectation that our schools will create environments that are conducive to learning and where positive behavior is expected, modeled and learned.
- CCPS recognizes that creating such an environment requires setting and communicating clear expectations for appropriate behaviors and developing an atmosphere of mutual respect and dignity.
- Behavioral expectations and consequences for misbehavior should be applied fairly and consistently and be developmentally appropriate. The *Code of Student Conduct* clearly defines reasonable behavioral expectations, holds students accountable for accepting responsibility for practicing acceptable behavior and guides staff in the equitable administration of consequences to all students.
- Appropriate school behavior is the shared responsibility of students, parents and CCPS staff. Disciplinary consequences should be designed to encourage responsible actions, promote the development of self-discipline and change inappropriate behavior. Discipline will be administered using guidelines that include restorative practices, detention, alternative educational settings, student reassignment, suspension and expulsion.
- The *Code of Student Conduct* encourages the use of discretion in making discipline decisions and uses discipline as a developmental process through multi-tiered systems of supports and interventions. CCPS uses a range of learning strategies and disciplinary responses that support teaching and learning, reward positive behaviors and restore relationships. The goal is to administer discipline in a way that keeps students engaged and connected to school, so they graduate and are college and career ready.

Expectations of Students

CCPS is committed to educating students in a safe and orderly school environment. We believe students need to have a clear understanding of the expectations held of them. It is important that students:

- work to make school a positive, supportive, safe and welcoming place for others;
- are respectful and courteous to students, parents/guardians and school staff;
- are knowledgeable about discipline policies, regulations and rules;
- follow school rules and policies and contribute to a positive school climate by behaving appropriately;
- make every reasonable effort to participate in any conferences, activities, interventions, or programs recommended appropriately by school staff;
- recognize how their conduct affects other students and school staff and make every reasonable effort to restore relationships affected by their conduct;
- seek access to and complete make-up work while they are out of school;
- share ideas for improving school climate and school discipline practices; and
- are proactive in promoting a positive, supportive, safe and welcoming school environment.

If students become aware of any violation of school or system policies, regulations or rules, they should immediately alert a CCPS staff member. Students who become aware that they have violated a policy, regulation or rule are encouraged to self-report the violation. Self-reporting may minimize or eliminate any disciplinary consequences.

School Exclusions

CCPS makes every effort to foster and acknowledge positive behavior and prevent student misconduct. Our emphasis is to communicate clear expectations for behavior, create environments that are safe and conducive to learning, and teach and reinforce positive behaviors while keeping students in school. Despite our efforts, there may be times when student behavior necessitates an exclusion from the school environment. Below is additional information that students and parents/guardians should be familiar with in the event a student is excluded.

Exclusion – Students who receive any exclusion must be informed of the reason(s) for the exclusion and given an opportunity to respond before the exclusion becomes effective. The school principal shall provide the student’s parents/guardians with written notification of the exclusionary action taken by the school. The notice of suspension form and letters to parents concerning disciplinary actions become part of the student’s record.

In-school suspension – After 10 days of cumulative in-school suspension, the student, the student’s parents/guardians and the school administrator shall confer. Provisions will be made for the student’s education during the period of in-school suspension.

Out-of-school suspension and expulsion – Students who receive an out-of-school suspension or expulsion may not be on any school property nor participate in any school activity during the exclusion. Students, the student’s parents/guardians, and the school administrator must meet before the student returns to school following the exclusion in order to plan for the student’s successful re-entry. The Superintendent or designee retains the authority to reassign a student to another CCPS school or program at the end of the exclusion period.

Cell Phones and Personal Electronic Devices

Charles County Public Schools allows the possession and use of cell phones and other personal electronic devices by students. It is the intent of the Superintendent to ensure that this allowance does not disrupt the learning environment, after-school activities, or the safe transportation of students. Students are permitted to use cell phones while attending (but not participating in) general public events that occur after-hours and are open to the community. The following conditions outline the standard expectations for the possession and/or use of cell phones and electronic devices by students at school, on the bus or on other school-chartered vehicles:

 - Phones and devices may be used during approved times but must not be disruptive or serve any inappropriate purposes; such as loud/explicit music or videos, sending or posting inappropriate messages or images (via text or social media), or any type of cyberbullying.
 - At the end of the lunch or activity period, all phones and devices must be immediately powered back off and returned to a non-visible, secure location, until the end of the school day.
- Students may use their phone or device at the end of the school day for the purpose of making transportation arrangements as it relates to after-school activities or events.

Please note the following additional guidelines governing all school levels:

- Administrators and/or teachers may allow the use of cell phones or electronic devices during the school day for specific academic purposes; such opportunities will be communicated in advance.
- Students attending schools participating in “Bring Your Own Device” (BYOD) or 1-1 programs shall comply with the rules specific to that program, as defined by the school.
- Cell phones or electronic devices with camera and/or video functions must not be used to take or transmit any image or video at any time, even if the use of the phone or device is otherwise permitted.
- Home use of CCPS issued devices must be used in accordance with all policies while off CCPS property.
- Students have no expectation of privacy for material stored or sent on school computers.
- Violations of these expectations will result in consequences as specified in the Levels of Response section of this document.

Internet Use/Contracts

The internet is used to enhance learning and to provide students the use of resources from all over the world. CCPS tries to prevent students from being exposed to objectionable or offensive materials. The staff does its best to guide and monitor student use of the internet, but staff cannot be held liable if a student accidentally or willfully goes to an objectionable site.

All students who plan to take advantage of internet connections at school must sign, together with their parents, the back page of this booklet. Any student not returning a signed contract will not be allowed to access the internet at school.

Internet contract for elementary school students

The student will use all computer equipment with care and respect. The student will print only information that the teacher has approved.

Clothing that is judged by the school administration to be disruptive to the orderly school process either by virtue of the design or in the manner in which it is worn is also forbidden.

Members of the Charles County Association of Student Councils, in collaboration with parents, staff, and community members, developed the following system-wide dress code, as amended and approved by the Board of Education.

Student Personal Property

The Charles County public school system, and its employees, agents, and contractors, are not responsible for the loss, theft, damage, or destruction of any item brought into school, onto school property, to a school activity or onto a school bus by a student, whether allowed or prohibited.

Portable Technology Devices (school issued)

In alignment with Charles County Public Schools (CCPS) policies, students who are assigned portable technology devices must adhere to provisions outlined below, and may be fiscally responsible for lost, stolen or damaged devices.

Device Ownership

CCPS shall retain title to the equipment at all times, unless otherwise transferred. The student shall hold no security or ownership interest in the equipment or licenses to installed software. The equipment is a loan and remains the property of the CCPS. The term of this loan is for the course of the school year or as otherwise designated by the school administrator. Upon request of an administrator or teacher, we will return the device, case and power cords. The loan is strictly for the use of educational purposes deemed appropriate by school staff.

Loan equipment includes the following (these are estimates only and subject to change):

- Laptop/Tablet – \$370 to \$625 (depending on model and replacement cost)
- Case – \$26 (if provided)
- Power adaptor – \$30

Device Functions

The laptop device is a multifunction device that:

- Connects to any open or secured (if the password is known) wireless network
- Allows access to the internet (e.g. access online accounts, surf the internet, etc.)
- Take pictures
- Records audio and video
- Use various instructional applications (apps)

Technology Device Care

General Rules

- Store the device in a protective case to protect from damage.
- Be responsible for the safe handling, storage, and security of the device.
- Secure the device when not attended.
- Refrain from writing, etching, scratching, marking or applying stickers on the device.
- Refrain from altering any CCPS markings or stickers/labels applied to the device.
- Return the device if it is damaged.

- Do not attempt to repair the device yourself or have it repaired by a contracted computer repair service facility.
- Return the device within four days of withdrawing from CCPS, if applicable.

Screen Care

Device screens are delicate and can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure or cold/heat.

- Do not lean or place anything on the top of the device when it is open or closed.
- Do not place anything near the technology device that could put pressure on the screen.
- Do not place anything in your carrying case that will press against the cover.
- Do not write, poke or tap on the display.
- Do not place anything on the keyboard before closing the lid (e.g. pens, pencils, or disks).
- Ammonia based window cleaners, paper towels or other abrasive cloths should NEVER be used.
- Clean the display with a soft, lint-free, dry cloth or anti-static cloth. For a screen that requires some type of solvent (for example, if the monitor has something more than just fingerprints), you can use a mixture of half isopropyl alcohol and half water to wipe it clean.

Keyboard and Mouse Care

The best method for cleaning and disinfecting all parts of a computer (especially keyboard and mouse) is to use a lint-free cloth with isopropyl alcohol or approved disinfecting wipes. Rub the cloth or wipe on the top and sides of each key and then clean the surface and bottom of the keyboard thoroughly.

- NEVER use ammonia or bleach based cleaner or wipe.
- Never use a spray solution on any computer component.
- Always apply the alcohol solution to the cloth before cleaning.

Technology Device Privacy and Safety

Students are expected to take precautions to protect their privacy and security when using an assigned device. Students:

- Should not open, use, or change computer files that do not belong to the student.
- Should not reveal their full name, phone number, home address, social security number, credit card numbers, password(s), or any identifying personal information through use of a technology device.
- Should be aware that storage in any form on the device or network provided or maintained by CCPS is not private or confidential.
- Should adhere to the internet contract also published in the Code of Student Conduct.

Responsible Use

Users are responsible for securing and safeguarding data stored on CCPS technology. When using CCPS technology, this means that students should only use approved CCPS digital tools and follow each tool's specific guidelines for using student accounts. If students choose to use digital tools or access online services that are not part of CCPS's approved list, CCPS cannot be responsible for any data privacy or security concerns that may arise.

Content Filtering

Internet filtering software is implemented and operational, on the school district Local Area Networks (LAN) and Wide Area Network (WAN). Families should be aware when the CCPS laptops are connected to a personal home network, they are not configured to filter the sites students may visit. Families should discuss the importance of being safe, responsible, and respectful online. All software and websites used for instruction purposes are evaluated by staff for appropriateness.

Legal Considerations

Student use of technology devices must comply with trademark and copyright laws and all license agreements. If you are unsure, ask a teacher, network administrator, or the principal.

Students may not plagiarize the work others and must give credit to all sources used, whether quoted or summarized. This includes all forms of media on the internet, such as graphics, movies, music, and text.

Use or possession of hacking software is strictly prohibited, and violators will be subject to disciplinary action. Violation of applicable state or federal law will result in criminal prosecution or disciplinary action by CCPS.

Student/Parent Agreement

General:

- We agree to use the device in accordance with all provisions of CCPS policies and Code of Student Conduct as it currently exists and as updated or modified.
- We agree to report any objectionable content to a teacher and/or administrator.
- We understand that CCPS has the ability to monitor CCPS device usage to ensure compliance with CCPS policies. We have a limited expectation of data privacy while using CCPS technology. CCPS has the right at any time to randomly collect or request a visual inspection of the equipment and to perform periodic inventories, or to review the contents of any message, file, or software stored or maintained on the device.
- We understand that students are to use only CCPS approved digital tools to safeguard student data from unauthorized access.
- We agree that the device is to be used exclusively by the CCPS employees and the assigned student. Parent(s)/guardian(s) may use the device for purposes of assisting their student with educational studies.
- We agree to obtain consent from participants before taking photos, recording audio or capturing video.

Loss, Damage and Liability:

- In the event that the device is damaged due to misuse, accidental care or mishandling, or neglect, and the damage is not covered under warranty, we agree to pay the cost of the repair or replacement of the device's equivalent replacement including the device and case.
- In the event that we install a program or modify the device which impairs the functionality of the device, we are financially responsible for reimbursing the school system for the monetary cost.
- In the event that this device is lost or stolen, we agree to assign all insurance proceeds to CCPS. If the insurance proceeds do not cover the cost of the device and case, we are responsible for paying the difference.
- If the device is lost, stolen or damaged, it is our responsibility to immediately notify the administration.
- If the device is not returned within four days to the school system upon the teacher or school's request or when enrollment is terminated for any reason, we agree to pay the cost of a replacement device within 30 calendar days. Furthermore, we understand and accept that the CCPS may file a police report for stolen property should we fail to return or pay for the device and related items within 45 calendar days.

Please note the following additional technology guidelines governing all school levels:

- Administrators and/or teachers may allow the use of cell phones or electronic devices during the school day for specific academic purposes; such opportunities will be communicated in advance.
- Students attending schools participating in "Bring Your Own Device" (BYOD) or 1-1 programs shall comply with the rules specific to that program, as defined by the school.
- Cell phones or electronic devices with camera and/or video functions must not be used to take or transmit any image or video at any time, even if the use of the phone or device is otherwise permitted.
- Home use of CCPS issued devices must be used in accordance with all policies rules while off CCPS property.
- Students have no expectation of privacy for material stored or sent on school computers.
- Violations of these expectations will result in consequences as specified in the Levels of Response section of this document.

- Students can be held financially responsible for any damage done to CCPS technology devices and infrastructure.

Transportation

An essential element of the education process is the safe and efficient transportation of students as they travel between home and school. The success of this undertaking relies on the collective responsibility and efforts of drivers, students, parents, schools, and the transportation department. School bus drivers go through a rigorous driver training and certification process set forth by school system, state, and federal regulations. This driver preparation includes annual training regarding safe driving methods and student behavior management techniques for all drivers provided by CCPS Transportation.

Maryland State Department of Education law requires students to participate in two school bus evacuation drills during the school year. One drill is conducted in the fall and another is conducted in the spring. Bus evacuation drills teach students how to react in a possible emergency situation.

Prekindergarten and kindergarten students will not be left unattended when dropped off at bus stops. If the parent or other responsible adult is not present at the drop-off, the driver will return the child to school where it will be the parent's responsibility to pick up the child. Should this become a continual problem, the student could receive a suspension of bus privileges. The school office should be notified immediately when an emergency situation arises that prevents the parent or other responsible adult from being at the bus stop.

Student transportation to and from school is a privilege and not a right. The public school system is not required to transport students to and from school, and students may be denied transportation if they violate the rules set forth by the school and the transportation department. Inappropriate behavior on the school bus is considered serious, unsafe misconduct, as this type of behavior on a bus may have more severe implications. Infractions are handled at the school level.

A student's bus riding privileges may be suspended for a period of time or for the remainder of the school year. Students suspended from their school bus may not ride any other school bus to or from school while they are on bus suspension. Parents are notified by school staff if there is a bus infraction and of the disciplinary action taken. Any student suspended from the bus may be required to attend a re-admit conference with parents and school officials before being granted school bus riding privileges. The school bus ride is an extension of the school day, and consequences of student misbehavior may result in school disciplinary measures being taken that might include suspension from school.

Any action on a school bus that could result in a suspension from school may also result in a suspension from the school bus for any amount of time up to and including the remainder of the school year. This may include any violation of the *Code of Student Conduct* while on a school bus, such as the possession of a weapon, alcohol, tobacco, or a controlled dangerous substance.

School Bus Rules

1. Be courteous and respectful of the driver and all passengers; use no profane or abusive language. Bullying or harassing behaviors are unacceptable.
2. Keep the bus clean- avoid drinking, eating, or chewing gum on the bus.
3. Keep the aisle clear for the safety of everyone on the bus.
4. Enter and leave the bus through the front door. Rear doors are to be opened only for emergencies.
5. Be respectful of all property and avoid accidentally or intentionally damaging or defacing any part of the bus. Any malicious or willful damage to a school bus will result in the immediate withdrawal of transportation services for the student involved. In addition, the parents and student are responsible for any damages caused by students. Continuation of bus riding privileges will only be considered after consultation with the parent, school administration, and transportation department representatives and financial restitution is made.
6. Consider the health and well-being of those on the bus. The action(s) of one student could unintentionally cause

harm or discomfort to the driver, attendant, and other passengers. Students must:

- a. Remain seated in the seat assigned until the bus comes to a complete stop.
- b. Keep body parts inside the bus at all times.
- c. Never throw objects on or outside of a bus as it could cause injuries or accidents.
- d. Respect the driver and fellow riders.
- e. Be considerate of others and avoid spraying perfume/cologne/deodorant etc. on the bus.

Student Responsibilities

- Students should arrive at their assigned bus stop five minutes before the regularly scheduled bus arrival time; any students waiting in vehicles should be out of the vehicle when the bus approaches.
- Students should wait for the school bus in a safe and orderly fashion, well out of the way of traffic.
- All students should wait until the bus has completely stopped and has activated the flashing red lights before moving toward the bus. Students who must cross the roadway should check that the roadway is clear of traffic before moving toward the bus.
- Students should board the bus in a quiet and orderly fashion and should always use the bus handrail and steps in a safe manner.

While on the Bus

- Students must walk to their assigned seats and be seated as quickly as possible.
- Students must obey the directions of the bus driver and other school staff at all times.
- Students must sit in their assigned bus seats, facing forward with feet out of the aisle and hands, arms, and head inside the bus.
- Students must remain in their seats at all times when the bus is in motion. Changing seats anytime during the run is prohibited.
- Students may talk in a normal manner, but loud, profane, obscene, or harassing language is not permitted.
- Students may not throw objects out of bus windows or yell or gesture at individuals outside the bus or in other vehicles.
- Students may not sit in the driver's seat or tamper with any controls or bus equipment.
- Students must not touch or tamper with emergency door or emergency window handles unless a student is directed to do so by the bus driver.

When Unloading from the Bus

- Students must wait until the bus comes to a complete stop before getting out of their seat.
- All headphones, earbuds, AirPods or other ear pieces used to transmit music must be removed upon exiting the bus.
- Students must get off the bus only at their regularly assigned bus stop unless school permission has been previously granted.
- Students should use the handrail near the step to avoid mishaps and accidental tripping when leaving the bus.
- Students should never walk behind the bus to cross the street. Traffic should be checked carefully before crossing the street in front of the bus.
- Students who must cross the road after leaving the bus must do so prior to the bus's departure from the stop and approximately 10 feet in front of the stopped bus while the bus's flashing red lights are activated.

What is Permitted on the Bus

Students may transport their book bags or other allowed items on the bus as long as the books and other items:

- can be held on the student's lap without interfering with other students in the same seat, extending into the aisle or through a window, and extending above the student's chin; or
- can fit under the student's seat without blocking or extending into the aisle. At no time may any item be transported if the item negatively affects safety or causes a disruption of the driver's schedule.

What is NOT Permitted on the Bus

- Glass or other breakable containers;
- Pets or animals, unless approved in advance by the school administration;
- Sharp instruments that could cause damage to the interior of the bus or be considered a weapon;
- Skateboards/scooters;
- Balloons; and
- Any other item, the possession of which violates the *Code of Student Conduct*.

School Bus Video Surveillance

CCPS reserves the right to videotape students on school buses. This might include both audio and video recording. The use of recording systems helps to deter and investigate inappropriate student behavior, gather information in case of an emergency, and evaluate bus drivers.

Cell Phone/Personal Electronic Devices

See Cell Phone/Personal Electronic Device section for use on school buses or school-chartered vehicles.

Virtual Classroom (Student Guidance)

All students must adhere to rules set forth in the CCPS *Code of Student Conduct* both in person and online. To ensure that all CCPS students understand how to behave in a virtual classroom environment, the following section includes new guidance all students are required to follow. This code of conduct addresses student interaction with CCPS teachers, staff, and students, as well as their own actions. The following behaviors apply to the virtual classroom and synchronous live sessions.

These behaviors will result in a disciplinary response (in alphabetical order).

CHARLES COUNTY PUBLIC SCHOOLS

Code of Student Conduct

The following responses are to be implemented by staff and administrators when students fail to behave in a way that maintains a safe and conducive learning environment. These responses, which may not be available at every school, are guidelines to be implemented in a graduated fashion, emphasizing prevention, intervention, incentive-based strategies, and restorative practices prior to removing a student from a classroom or school. This range of responses was developed so that student discipline may be applied at the lowest level which is commensurate with the student disciplinary infraction. Persistent violations of the *Code of Student Conduct* and/or actions that are extremely disruptive and/or pose a threat of serious harm may warrant higher levels of response, even for an initial infraction. Behavioral infractions listed on the following pages, while not exhaustive, are examples of the types of behavior that the Board of Education considers unacceptable. Administrators may use responses at lower levels at any time during the intervention process. It is important to consider many factors in applying disciplinary responses, including the age and developmental level of the student; the intent of the behavior; the student’s disciplinary history; the nature, severity, and impact of the infraction; and local, state, and federal rules and regulations. The following levels of responses may also apply to the school bus as appropriate.

STUDENT GUIDANCE – VIRTUAL CLASSROOM: CODE OF STUDENT CONDUCT ADDENDUM

Administrators may use responses at lower levels at any time during the intervention process. It is important to consider many factors in applying disciplinary responses, including the age and developmental level of the student; the intent of the behavior; the student’s disciplinary history; the nature, severity, and impact of the infraction; and local, state, and federal rules and regulations. The following levels of responses may also apply to the school bus as appropriate.

Levels of Responses in the Virtual Classroom	
LEVEL 1: Classroom, Support and Teacher-led Responses	Examples of Responses

These responses may involve the short-term removal of a student from the classroom. Such a removal should be limited as much as practicable without undermining its ability to adequately address the behavior.	<ul style="list-style-type: none"> -Parent/guardian/student conference with administrator -Referral to school psychologist, pupil personnel worker -Referral to community-based organization -Class schedule change -Formal mentoring -Interventions listed in Levels 1 - 2 may also be used -Referral to Student Support Team -Functional Behavioral Assessment/Behavioral Intervention Plan

They may involve the placement of a student in an alternative learning environment that provides additional structure and services. These responses promote the safety of the school community by addressing self-destructive and dangerous behavior.	<ul style="list-style-type: none"> -Referral to alternative education -Long-term suspension (4 – 10 days) (independent study) -Extended suspension (11 – 44 days) (independent study) -Expulsion (45 days or longer)* -Referral to law enforcement -Interventions listed in Levels 1 – 4 may also be used
