NEXT WEEK

MON: Normal Day

TUES: Normal Day

WED:

Photo Day

All students in quarantine on this day will get their pictures taken on picture retake day

(tentatively scheduled for October 26th).

THURS: Normal Day

FRI: Early Release @ 12:25

Hello Lemens families

This week we skipped, hopped, galloped, and side shu- led. Ran the indoor race track, did push ups and jumping jacks, moved around the gym as airplanes and bugs, and played parachute games and rock paper scissors. Please have your child prepared with running shoes on their feet every day or a pair to change into or for their safety. Students have been every weekday but Friday. Look forward to another fantastic week of physical education next week. We wish it is a healthy habit to get outside and play at least 30 minutes a day.

Mr. Burnett

Teacher lodgett Lemens primary

A NOTE FROM PRINCIPAL COUTURE:

Students are falling into the routine of school and are forming friendships with their fellow classmates! Routinely, we find that KG and 1st grade students go home from school and tell their parents all about the negative things about their day. I want to encourage you to acknowledge these negative feelings, as they are valid and worthy of attention, (especially if your child is being hurt by someone) but I also want to emphasize there are A LOT of good things happening during the day too. By encouraging your child to speak of the positive things happening (friendships they're forming, new things they're learning, new experiences they're having), it will help them to realize they get positive attention from their parents when things are going well, and this helps them to feel safe and comfortable being in school all day.
