## 1. Introduction

- 1.1. Our school's Prevent strategy aims to stop people entering into activities that may lead to them becoming terrorists or supporting terrorism.
- 1.2. While it remains rare for children and young people to become involved in terrorist activity, young people from an early age can be exposed to terrorist & extremist influences or prejudiced views.
- 1.3. As with other forms of safeguarding strategies, early intervention is always preferable. Schools, working with other local partners, families and communities, play a key role in ensuring young people and their communities are safe from the threat of terrorism. Each area of the UK has adopted their own definition of **safeguarding**, but these often include the following phrases: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children are growing up in circumstances consistent with the provision of safe and effective care; and taking action to enable children in need to have optimum life chances.
- 1.4. Our school sees prevent as a part of the safeguarding framework and communicates and promotes the importance of this to staff and ensure that they implement the *Prevent* duty effectively.
- 1.5. The Prevent duty is not intended to stop students debating controversial issues. Our School's Preventing Extremism and Radicalisation Policy draws upon the guidance contained in the DfE document '[Keeping Children Safe in Education, \(September 2018\)](#)' and the DfE's '[Teaching Approaches that help Build Resilience to Extremism among Young People](#)' builds resilience to radicalisation by promoting fundamental British values through the curriculum and through social, moral, spiritual and cultural development, equips students with knowledge, skills and understanding to prepare them to play a full and active part in society and ensures that the school is a safe place to discuss sensitive issues, while securing balanced presentation of views and avoiding political indoctrination.
- 1.6. Police see the current threats as:
  - a. ISIS;
  - b. Al Qaeda (has a sophisticated on-line set up);
  - c. Irish Republican terrorism;
  - d. Domestic Extremism/Extreme Right Wing; and
  - e. Animal Rights and eco-terrorism.

## 2. Legal and Best Practice Status

- 2.1. This policy complies with Part 2, paragraphs 5 (a) to (e) inclusive of the Education (Independent School Standards) (England) Regulations 2015), and other relevant and current regulations and any other guidance to which schools are obliged to have regard.
- 2.2. In adhering to this policy, and the procedures therein, staff and visitors contribute to the School's delivery of the outcomes to all children, as set out in s10 (2) of the Children's Act 2004. This Preventing Extremism and Radicalisation Safeguarding Policy is one element within our overall School arrangements to Safeguard and Promote the Welfare of all Children in line with our statutory duties set out at s175 of the Education Act 2002.
- 2.3. Our School's Preventing Extremism and Radicalisation Safeguarding Policy also draws upon the guidance contained in *Keeping Children Safe in Education (KCSIE)* (DfE: September 2018); *Working Together to Safeguard Children (WT)* A guide to inter-agency working to safeguard and promote the welfare of children (HM Government: 2018 and also

### 4. Purpose:

- 4.1. We ensure that:
  - a. The welfare and safety of individuals in our care is a major consideration at all times.
  - b. Our school complies with all the relevant current legislation and other National Standards which govern this area of our work.
  - c. Our students keep themselves and others in the wider community safe.
  - d. We prevent vulnerable young people in our care being exposed to radicalisation and extreme views
  - e. We provide opportunities for students to widen and develop interpersonal skills by meeting and forming relationships with people from outside the establishment.
  - f. Arrangements are in place to deal with concerns which may be raised about an individual/s in our care.
- 4.2. The Governments Prevent Strategy defines extremism as: “Vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty and mutual respect and tolerance of different faiths and beliefs. We also include in our definition of extremism calls for the death of members of our armed forces”.
- 4.3. Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others. Education is a powerful weapon against this; equipping students with the knowledge, skills and critical thinking, to challenge and debate in an informed way. Therefore, at TASIS our Personal, Social, Health, Economic Education (PSHEE) program along with meeting the requirements set out in section 78 of the Education Act 2002 promote the spiritual, moral, social and cultural (SMSC) development of our students.
- 4.4. Through ensuring students’ SMSC development, schools can also demonstrate they are actively promoting fundamental British values. Actively promoting the values means challenging opinions or behaviours in school that are contrary to fundamental British values. Attempts to promote systems that undermine fundamental British values would be completely at odds with schools’ duty to provide SMSC.
- 4.5. The Teachers’ Professional Standards expect teachers to uphold public trust in the profession and maintain high standards of ethics and behaviour, both within and outside school. This includes not undermining fundamental TASIS is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential through our Mission.

British values; democracy, the rule of law, individual liberty, mutual respect for and tolerance of those with different faiths and beliefs, and for those without faith.

- 4.6. It is our aim that students gain an enriched understanding and tolerance of difference and diversity to ensure that they thrive, feel valued and not marginalised. Any prejudice, discrimination or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Disciplinary Policy for students and the Code of Behaviour for staff. As part of wider safeguarding responsibilities staff are alert to:
- a. Disclosures by students of their exposure to the extremist actions, views or materials of others outside school, such as in their homes or community groups, especially where students have not actively sought these out;
  - b. Graffiti symbols, writing or artwork promoting extremist messages or images;
  - c. Students accessing extremist material online, including through social networking sites and excessive usage;
  - d. Parental reports of changes in behaviour, friendship or actions and requests for assistance;
  - e. Partner schools, local authority services, and police reports of issues affecting students in other schools or settings;
  - f. Students voicing opinions drawn from extremist ideologies and narratives;
  - g. Use of extremist or hate terms to exclude others or incite violence;
  - h. Intolerance of difference, whether secular or religious or, in line with our equalities policy, views based on, but not exclusive to, gender, disability, homophobia, race, colour or culture;
  - i. Attempts to impose extremist views or practices on others; and
  - j. Anti-Western or Anti-British views.
- 4.7. In the event of concerns about a person becoming radicalised advice will be sought from Surrey County Council who have a panel which meets to address issues of individuals who have been identified as being at risk of radicalisation but have not committed any terrorism offence. This Panel meets when a referral has been made and referrals can be made by anyone. During any subsequent external investigation, for the individual to remain in our care, the senior management team will hold a focus meeting to identify risks and control measures that can be put in place to reduce that risk. They will decide if it is safe to keep the individual or whether they need to undertake a period of temporary exclusion.

## 5. Prevent Duty

- 5.1. The National Prevent Duty Guidance 2015 website is: ([www.gov.uk/government/publications/prevent-duty-guidance](http://www.gov.uk/government/publications/prevent-duty-guidance)).
- 5.2. Educational establishments have a clear responsibility to exercise their duty of care and to protect the welfare of their students. Our curriculum promotes the spiritual, moral, cultural, mental and physical development of students and prepares them for the opportunities, responsibilities and experiences of life. It also promotes community cohesion.
- 5.3. It is understood that every school is unique. This means that any engagement or activity conducted under Prevent must be considered in light of local circumstances.
- 5.4. Prevent support can be adapted to ensure activity is both appropriate and proportionate. As the strategy identifies, Prevent support can work within both violent and non-violent extremism arenas and can include topics such as hate crime, racism, bullying, on line safety and extreme political views. This means that the strategy can be delivered in a variety of ways depending on the institution, its requirements and the potential risk.
- 5.5. Our school promotes young people in making positive choices about their lives and endorses the Channel early intervention scheme for students who could be at risk of radicalisation. The non-statutory guidance can be found here [http://course.ncalt.com/Channel\\_General\\_Awareness/01/index.html](http://course.ncalt.com/Channel_General_Awareness/01/index.html).

5.6. Channel is a national programme to safeguard children and adults from being drawn into terrorism. It became statutory in February 2015. It is an early intervention to protect and divert people away from the risk they face before illegal activity occurs.

## 6. Radicalisation

Radicalization is defined in the government's *Prevent* strategy as *"the process by which a person comes to support terrorism and forms of extremism leading to terrorism"*. There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology as it occurs as a result of varying consequences and settings. TASIS, The American School in England responds to students who may be targeted or influenced to participate in radicalism or extremism. We also ensures that we can "demonstrate activity", as required by the statutory guidance, in the following key areas: risk assessment, working in partnership, staff training and IT policies.

## 7. E-safety and the use of Social Media

Social media is an increasingly influential part of life particularly for young people. It has been identified as an important tool in the sharing of extreme material and extremist groups are actively using social media to inform, share propaganda, radicalise and recruit for their cause. Social media safeguarding is an important element of protecting young people from extremist narratives and Prevent can play an active part in this process.

## 8. Jihadists

Jihadists are encouraged to 'Invade' social network sites such as Facebook by setting up groups with radical views and to seek to gather users with the 'right' attitude; 'Invade' file-sharing sites like YouTube by placing various clips with extreme content and infiltrate popular Islamist websites in order to attempt to convert them into militant sites in line with the closed websites by spreading extremist contents on the discussion of forums of these sites.

8.1. Through their provision of SMSC Development TASIS England enables students to develop their self-knowledge, self-esteem and self-confidence. Our school promotes respect for other people and enables students to acquire an appreciation of and respect for their own and other cultures and cultural traditions. Personal development is promoted, so that students are well prepared and contribute to wider society. This includes:

- Enabling students to distinguish right from wrong and to respect the civil and criminal law of England;
- Encouraging students to accept responsibility for their behavior, show initiative, and to understand how they can contribute positively to the lives of those living and working in the locality of the school and to society more widely;
- Enabling students to acquire a broad general knowledge of and respect for public institutions and services in England and encouraging respect for democracy and support for participation in the democratic processes, including respect for the basis on which the law is made and applied in England.

## 9. Child Protection

Faculty and staff at TASIS are alert to the fact that whilst Extremism and Radicalisation is broadly a safeguarding issue there may be some instances where a child or children may be at direct risk of harm or neglect. For example; this could be due to a learner displaying risky behaviours in terms of the activities they are involved in or the groups they are associated with or staff may be aware of information about a learner's family that may equally place a child at risk of harm. Therefore, all adults working in TASIS (including visiting staff, volunteers, contractors, and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to the Designated Safeguarding Lead. In TASIS our Safeguarding reporting arrangements are set out fully in our Safeguarding Policy.

## 10. Role of the Designated Safeguarding Lead

The Designated Safeguarding Lead (DSL)/*Prevent* Officer along with the Deputy DSLs/*Prevent* Officers work in line with the responsibilities as set out in the DfE Guidance 'Keeping Children Safe in Education'. They are our internal lead staff regarding the *Prevent* strand of the Government's counter-terrorism strategy and radicalisation.

## 11. Training

Whole school in-service training on Safeguarding is organised for faculty, staff and the members of the Board of Directors every year and will comply with the prevailing arrangements agreed by the Surrey Safeguarding Children Board. The Designated Safeguarding Lead attends training courses as necessary and the appropriate inter-agency training organised by the Surrey Safeguarding Children Board, or similar courses from an accredited provider at least every year. The key areas to be included in the training can be found in the Preventing Extremism FAQ and include:

- What Prevent is;
- What extremism and radicalisation are;
- Confidence to identify children at risk of being drawn into terrorism;
- How people may be drawn into terrorism;
- Confidence to challenge extremist ideas which can be used to legitimise terrorism and are shared by terrorist groups;
- How messages are spread;
- The role of the internet and social media;
- What schools and childcare providers must do to comply with the Prevent duty;
- Support for individuals at risk; and
- How and where to refer children and young people for further help.

## 12. Reporting Concerns

Our DSL provides advice and support to other members of staff on protecting children from the risk of radicalization. Our school ensures staff understand what radicalization and extremism mean and why people may be vulnerable to being drawn into terrorism. We ensure staff have the knowledge and confidence to identify children at risk of being drawn into terrorism, and to challenge extremist ideas which can be used to legitimize terrorism. **Staff safeguard and promote the welfare of children and know where and how to refer children and young people identified as being at risk of radicalization for further help to our Prevent Officer who will consider the most appropriate referral which could include Channel or Children’s Social Care.** Details of our Local Authority *Prevent* Lead who can give support and advice for the prevention of radicalization is available at the top of this policy.

## 13. Working in partnership with other agencies and information sharing

In-line with the safeguarding arrangements sent out by Surrey County Council, TASIS co-operates productively with our local *Prevent* co-ordinators, the police Surrey County Council and existing multi-agency forums, for example Community Safety Partnerships on all matters regarding safeguarding and preventing extremism. We ensure information is shared appropriately.

## 14. Teaching Approaches

We will all strive to eradicate the myths and assumptions that can lead to some students becoming alienated and disempowered, especially where the narrow approaches students may experience elsewhere may make it harder for them to challenge or question these radical influences, this guidance and support be delivered in tutorials. We ensure that all of our support and approaches will help our students build resilience to extremism and give them a positive sense of identity through the development of critical thinking skills. We are flexible enough to adapt our teaching approaches, as appropriate and address specific issues so as to become even more relevant to the current issues of extremism and radicalisation. In doing so we follow the three broad categories of:

- Making a connection with children through positive engagement and a learner centred approach;
- Facilitating a “safe space” in which children, young people and staff can understand the risks associated with terrorism and develop the knowledge and skills to be able to challenge extremist arguments; and
- Equipping our children with the appropriate skills, knowledge, understanding and awareness for resilience.

14.1. Therefore this approach will be embedded within the ethos of our school so that students know and understand what safe and acceptable behaviour is in the context of extremism and radicalisation. This will work in conjunction with our school’s approach to the spiritual, moral, social and cultural development of children. Our goal is to build

mutual respect and understanding and to promote the use of dialogue not violence as a form of conflict resolution. We will achieve this by using an approach that includes: PSHEE programmes; open discussion and debate; work on anti-violence and a restorative approach to conflict resolution; and targeted programmes. SMSC development is embedded into the life of our school.

14.2. We also work with local partners, families and communities in our efforts to ensure our school understands and embraces our local context and values in challenging extremist views and to assist in the broadening of our student's experiences and horizons. We help support children who may be vulnerable to such influences as part of our wider safeguarding responsibilities and where we believe a learner is being directly affected by extremist materials or influences we will ensure that that learner is offered mentoring. Additionally, in such instances our school will seek external support from the Local Authority and/or local partnership structures working to prevent extremism.

14.3. At TASIS England we promote the values of democracy, the rule of law, individual liberty, mutual respect and tolerance for those with different faiths and beliefs. We will teach and encourage children to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our children safe and prepare them for life in modern multi-cultural Britain and globally.

## 15. Use of External Agencies and Speakers

Our school encourages the use of external agencies or speakers to enrich the experiences of our students, however we will positively vet those external agencies, individuals or speakers who we engage to provide such learning opportunities or experiences for our students. We comply with KCSIE paragraph 43 and prevent people who pose a risk of harm from working with children. We adhere to statutory responsibilities and check staff who work with students, taking proportionate decisions on whether to ask for any checks beyond what is required. We ensure that volunteers are appropriately supervised. Such vetting is to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in complete opposition to, our school's values and ethos. We must be aware that in some instances the work of external agencies may not directly be connected with the rest of the school curriculum so we need to ensure that this work is of benefit to students. Our school will assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to students are consistent with the ethos of the school and do not marginalise any communities, groups or individuals;
- Any messages do not seek to glorify criminal activity or violent extremism or seek to radicalise students through extreme or narrow views of faith, religion or culture or other ideologies;
- Activities are matched to the needs of students; and
- Activities are carefully evaluated by schools to ensure that they are effective.

TASIS England records formal checks in the Single Central Register (SCR) by reference to the statutory regulations currently in force. By delivering a broad and balanced tutorial programme, augmented by the use of external sources where appropriate, we strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

## 16. Whistle Blowing

Where there are concerns of extremism or radicalisation Students and Staff will be encouraged to make use of our internal systems to Whistle Blow or raise any issue in confidence. They must inform the Head of School straight away (or if it relates to the Head of School, inform Local Authority Designated Officer whose contact details are stated early in the child protection policy).

## 17. Recruitment

The arrangements for recruiting all staff, permanent and volunteers, to our school will follow guidance for safer recruitment best practice in education settings, including, but not limited to, ensuring that DBS checks are always made at TASIS is committed to safeguarding and promoting the welfare of students and expects all staff and volunteers to share this commitment. It is our aim that all students fulfil their potential through our Mission.

the appropriate level, that references are always received and checked and that we complete and maintain a single central record of such vetting checks. We apply safer recruitment best practice principles and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement. We are alert to the possibility that persons may seek to gain positions within our school so as to unduly influence our school's character and ethos. We are aware that such persons seek to limit the opportunities for our students thereby rendering them vulnerable to extremist views and radicalisation as a consequence. Therefore, we adhere to safer recruitment practice.

#### **18. Role of the Proprietor**

The Proprietor undertakes appropriate training to ensure that they are clear about the role and the parameters of their responsibilities as Proprietor, including the statutory safeguarding duties. The Proprietor also supports the ethos and values of our school and supports tackling extremism and radicalisation. In line with Recommendation 13 of Peter Clarke's report details of our governing body will be published on our school website to promote transparency. In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education, September 2018' the Proprietor challenges the school's senior management team on the delivery of this policy and monitors its effectiveness. The Proprietor reviews this policy annually and may amend and adopt it outside of this timeframe in accordance with any new legislation or guidance or in response to any quality assurance recommendations pertaining to the delivery of this policy and the overall safeguarding arrangements made.

## **The Prevent Strategy and the Channel Programme Frequently asked questions (FAQs)**

### **What is the *Prevent* strategy?**

*Prevent* is the Government's strategy to stop people becoming terrorists or supporting terrorism, in all its forms. *Prevent* works at all the pre-criminal stages by using early intervention to encourage individuals and communities to challenge extremist and terrorist ideology and behaviour.

### **What is Channel?**

Channel is a key element of the *Prevent* strategy. It is a multi-agency approach to protect people at risk from radicalisation. Channel uses existing collaboration between local authorities, statutory partners (such as the education and health sectors, social services, children's and youth services and offender management services), the police and the local community to:

- Identify individuals at risk of being drawn into terrorism
- Assess the nature and extent of that risk
- Develop the most appropriate support plan for the individuals concerned.

Channel is about safeguarding children and adults from being drawn into committing terrorist-related activity. It is about early intervention to protect and divert people away from the risk they face before illegality occurs.

Channel is one tactical option employed by *Prevent* and has recently been placed on a statutory footing. To understand more about the Channel Programme further information can be found here –

[www.gov.uk/government/publications/channel-guidance](http://www.gov.uk/government/publications/channel-guidance)

### **Who can make a referral?**

Anyone can make a referral. Referrals have come from a wide range of partners: Social services, children and adult services, health, police, education and youth offending teams.

### **What happens with the referral?**

Each referral is screened for suitability via a preliminary assessment undertaken by the Police Channel coordinator and the local authority. If suitable, the case is discussed with all relevant partners to decide if an intervention is necessary.

### **Will the Individual be Informed about the Channel referral?**

If an individual is deemed to require a Channel intervention, they must be told prior to receiving an investigation. The process will be carefully managed with the referring agency.

### **Who sits on the Channel Panel?**

The Channel Panel is chaired by the local authority and includes Police, statutory partners and non-statutory partners, where appropriate. Lead Safeguarding professionals will be invited on a case by case basis.

### **Who delivers Channel?**

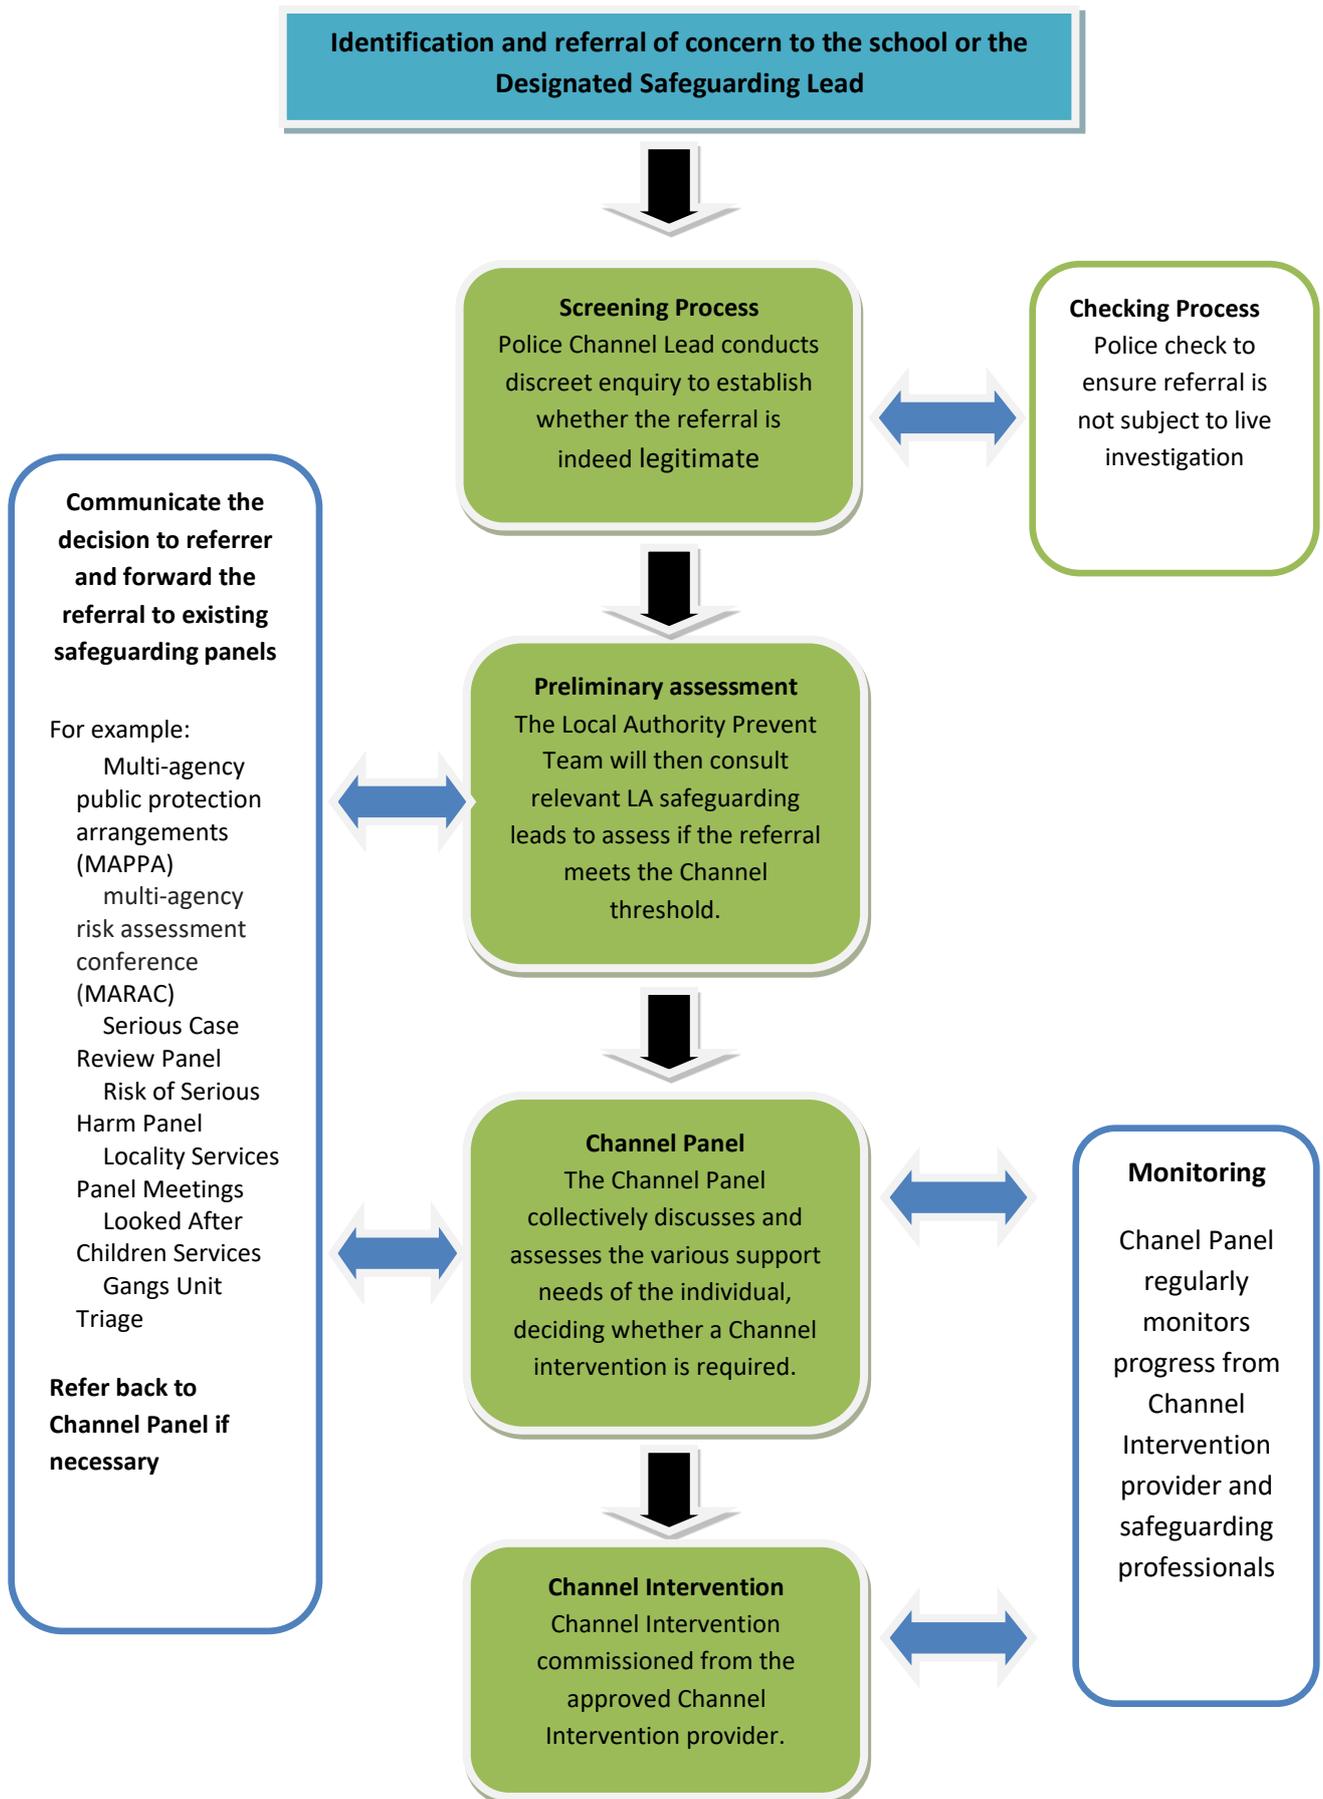

Channel interventions are delivered through local partners and specialist agencies. Support could include mainstream health, education, employment or housing services through to specialist mentoring or faith guidance and wider diversionary activities such as sporting activities.

### **What do you do if you have escalating concerns?**

If you believe that someone is vulnerable to being exploited or radicalised, please follow the establishing safeguarding procedures in your organisation to escalate concerns to the appropriate people who can refer concerns to Channel as appropriate.

**'Key Ingredients' for successful teaching in the context of 'push' and 'pull' factors.**

<b>PUSH FACTORS</b> -factors that push and individual/make an individual vulnerable to extremist messages	<b>KEY INGREDIENTS</b>	<b>PULL FACTORS</b> -factors that draw children into extremist messages
Lack of excitement; frustration	<b>Teacher confidence</b> in many cases it will be the use of existing teaching skills and methods which may well be the most effective approach	Charismatic/confident individuals (recruiters)
Lack of sense of achievement- seen as significant. 'Lack of purpose'/confidence in the future, life goals.	<b>Teacher attitudes and behaviours</b> Willingness to admit you don't know; acknowledging controversial issues exist; awareness that I have a role to play; willingness to turn to others for help when you don't know about something.	Networks/sense of belonging
Lack of an outlet for views	<b>Specific knowledge</b> Understanding other cultures and religions as well as alternative values and beliefs (whilst being careful to avoid 'othering') Knowledge of an alternative values framework	Broader community views which enable or do not oppose extremism
Gaps in knowledge or understanding for both children and their parents	<b>Teaching practice/pedagogy:</b> Boosting critical thinking (seeing through propaganda, singular messages etc) Helping to see multiple perspectives Using multiple resources/methods Embedding or sustaining dialogue following specialist interventions Enabling students to tackle difficult issues Linking schoolwork to the wider community Drawing evidence from across the curriculum Developing in children a sense of multiple identities, help children become aware of and comfortable with, multiple personal identity	Persuasive, clear messages. Exploiting knowledge gaps
Sense of injustice		
Actual or perceived humiliating experiences (including bullying, racial discrimination as well as perceived humiliating experiences. Perhaps linked closely to sense of injustice).		
Exclusion - lack of belonging to peer or community networks, associations, etc.		
		Sense of dignity and importance and loyalty
Disruptive home life	Support from Senior Leaders	Exciting (non-teaching) activities
Disaffection with wider societal issues	Student support processes	Sense of purpose in life

**Prevent & Safeguarding Self-Assessment**

Everyone who comes into contact with children and their families has a role to play in safeguarding children. Schools have a duty of care to their students and staff which includes safeguarding them from the risk of being drawn into terrorism - this includes not just violent extremism but also non-violent extremism, which can create an atmosphere conducive to terrorism and can popularise views which terrorists exploit. Schools should be safe spaces in which children and young people can understand and discuss sensitive topics, including terrorism and the extremist ideas that are part of the terrorist ideology and learn how to challenge these ideas.

School staff are particularly important as they are able to identify concerns early and provide help for children, to prevent concerns from escalating. Schools and colleges and their staff form part of the wider safeguarding system for children. This system is described in statutory guidance *Working Together to Safeguard Children (March 2013)* and *Keeping Children Safe in Education (October 2014)*. Schools and colleges should work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. Radicalisation is listed as a specific safeguarding issue within this statutory guidance and is addressed within the Government Prevent Strategy. The Counter-Terrorism and Security Act 2015 places a duty on Schools to 'have "due regard to the need to prevent people from being drawn into terrorism"'.

**The Prevent Strategy has three main objectives:**

- Respond to the **ideological challenge** of terrorism & the threat we face from those who promote it;
- **Prevent people from being drawn into terrorism** and ensure that they are given appropriate advice and support;
- Work with **sectors and institutions** where there are risks of radicalisation which we need to address.

This self-assessment tool has been developed to aid compliance with the Prevent Duty as a health check for the Senior Leadership Team within a school to assess if Prevent has been adopted into their institution's mainstream processes. This will identify if their institution requires any advice and support from their local Prevent Team or partner agencies to reduce their vulnerability.
