Board of Education
272 East Sagebrush Street
Litchfield Park, AZ 85340

To The Board of Education,

I received information about the Board of Education vacancy and am submitting a letter of interest as per the statement released by the Litchfield School District.

In 1991, I received a Bachelor of Science Degree from Kansas State University majoring in Elementary Education. In 2011 I received a Masters Degree in Administration and Leadership through Northern Arizona University

I enjoy many hobbies and participate in many athletic opportunities such as running 5K marathons, weight training, gardening, travel, and spending time with family members when the opportunity arises.

Having lived in the Litchfield School District, and having a son graduate from Millennium High School in 2013, I have a vested interest in the local schools and believe that with my education background I can be an advocate for the students in our community.

As an educator with 26 years of classroom experience, a Master's Degree in Leadership and Administration, endorsements in ESL and Gifted Learning, and a passion for community service, I believe I have the skills and experience to lead LESD to a higher level of student achievement. I will advocate for our children and put what is best for them as my guiding principal.

As a school board member, I look forward to serving the students, and parents of the district and will be a reliable and consistent board member that is committed to doing what is right for children.

Thank you for your time and consideration. I look forward to your decision about this exciting opportunity.

Sincerely,

Ren Fahey
