# WHAT THEY ARE SAYING AROUND THE AREA

*"Happy for The Haverford School Basketball program! The game was a must see game. The best team definitely won. They didn't have the most talent, didn't win with athleticism... they played as a team, stayed within their roles and collectively they were resilient!! Hard work beat talent tonight." ~Jameer Nelson Sr., 2004 NCAA Player of the Year, NBA All-Star, Big 5 Hall of Famer (Quote after Haverford beat Westtown in the 2019 State Championship Game)*

*"Bernie has established himself as one of the premier coaches in the Philadelphia area. His program excels in player development. He has taken talented young players and helped them become college-ready prospects by their senior seasons in high school. He coaches his players to be versatile and demands that they expand their games each season. Every college coach knows that a player who has played for Bernie Rogers will be ready to play as a freshman."*

*~ Coach Chris Mooney, Head Basketball Coach at the University of Richmond*

*"Coach Rogers's basketball teams are always so well-coached. His hybrid read and react offense prepares high school players for the next level. And then as a mentor to his players, he instills the proper discipline and character for them to succeed on and off the court way beyond high school." ~ Coach Fran Dunphy, Big 5 Hall of Famer, Former University of Pennsylvania and Temple University Basketball Coach*
