## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Math	55	N/A	45	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### C. Engagement

#### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

#### Opportunities for Parental Involvement (School Year 2020-21)

Parent involvement is an integral part of any school community. Prior to the COVID restrictions that limited parent volunteers on campus, we encouraged parents to volunteer in the classrooms at our school as much as they desire as long as they have a current TB test and fingerprints with the district. We also have opportunities for parents to participate in our Parent Teacher Organization (PTO). Our PTO has continued to provide support for teachers and classrooms from a distance. Parents also are welcome to participate in and attend our virtual School Site Council Meetings. These meetings include discussions about school programs, school budgets, and seeks input from the site council members on how to best utilize school funds to help students maximize achievement while meeting the needs of our community. Additionally, parents of English Learners are welcome to attend our virtual ELAC (English language Advisory Council) meetings. During these meetings, we discuss the needs of students who are English Learners, programs to support them, and ways we can better inform parents of the educational process for their children. We offer a parent liaison to help build parent involvement and literacy support for parents and students. Prior to COVID, we had a parent involvement team that worked at increasing parent involvement, including parent picnic days on campus and parent empowerment nights in which teachers teach parents about academic programs and ways to support student learning. We also offered English classes in the evenings for parents. We look forward to providing these supports when restrictions are lifted. You can find out more about opportunities to participate at school by calling the school office at (916) 645-6380.

**State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

**School Safety Plan (School Year 2020-2021)**

Creekside Oaks is a school where students can excel academically and can find a safe and comfortable place to learn. Students focus on being safe, respectful, responsible, and unified. They are expected to demonstrate these characteristics in all their interactions throughout each school day. Students develop these characteristics by the way they treat themselves and each other. Teachers demonstrate these characteristics by the way they treat students and how they interact with parents and other staff members. Teachers utilize "Love and Logic" strategies to create a positive learning environment and promote student responsibility of their own behavior. Creekside Oaks is a school community that prides itself on working together and collaborating to help students have a positive learning experience. Creekside Oaks is a PBIS school and uses positive interventions and the bucket filling philosophy to discourage negative behavior and create a positive learning environment.

Creekside Oaks has a school safety plan that outlines how to assure that students will be safe and comfortable while on campus. It also includes procedures to keep students safe during emergency situations. The plan is updated and revised every year through our School Site Council to accommodate any improvements that need to be made. The school's safety plan is based on the practices of the standard response protocol (SRP) through the "I luv u guys" foundation [iloveguys.org](http://iloveguys.org). We have a school safety team that analyzes and makes recommendations to create a safe school environment. We are currently working with Lincoln Police to streamline safety procedures and maximize the safety of the campus. Last we are developing our school plans for reunification through the SRM.

**Suspensions and Expulsions**

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.08	2.4	
Expulsions	0.0	0.0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

Headed into the 2020-21 school year, all teachers received up to three weeks of training in a variety of technology topics from the district. This professional development time helped ensure that teachers were ready to work in the new distance learning platform. Prior to COVID, the district sponsored many opportunities for professional development. The Creekside Oaks staff participated in behavior training in the Love and Logic program, which provided staff members with strategies to work with students to take responsibility for their actions and accept appropriate consequences. Teachers had also attended professional development in teaching to the ELA common core standards through the Placer County Office of Education, developing writing skills, teaching academic vocabulary, utilizing engagement and checking for understanding strategies to improve instruction, and utilizing the ELD standards in our English Learner instruction. This includes ELD integrated and designated training's from the district. Teachers have been trained in GLAD strategies. Science teachers were trained for the Next Generation Science Standards. The district also provided training for youth development institute (YDI), which helps build relationships and the leadership capacity of our youth. All teachers were being trained in TESS (Total Education System Supports) to support math instruction. Teachers were also being trained in AVID (Advancement Via Individual Determination) and the iReady diagnostic program (online instruction at each students academic level). Last we started TLC (Teacher Learning Centers) in which teachers work on lesson design and team-teach lessons to students.

**Types of Services Funded**

Creekside Oaks Elementary qualifies for state and federal categorical funding through Title 1 and LCFF funds. This additional funding allows Creekside Oaks to support students of differing needs and circumstances. This includes a parent liaison and Title 1 support programs. To better meet the needs of all students Title 1 funds are being put towards supplemental programs such as iReady for math and language Arts, Ready Common Core math and language arts, technology training, math training for the entire staff, and Elementary AVID. We also offer intervention programs through instructional support providers to meet the academic needs of all students. This support comes from Title 1 funds as well.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**California School Dashboard**

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California’s new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California’s diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
