Adjournment

NOTE: Because it is difficult to hear everyone, remember to please raise your hand to speak. This will avoid talking over someone else. Download ZOOM to your phone or laptop. Make sure you have clicked on allow video and allow audio. Write down the meeting ID and password for the meeting and use this to sign in. This should eliminate connection issues. These are difficult times but please make an effort to attend our Zoom meetings. Every member of the COA is important and so are your ideas and suggestions. Input from everyone is important and we miss those not in attendance.
