

SUBJECT Geography

Welcome to.....

GCSE Geography! We aim to make all our students global citizens, and give them the knowledge, experiences and skills to help them succeed in their lives beyond The Hastings Academy. We explore the many current global issues through our varied curriculum through enquiry-based learning, where knowledge is applied to real-life case study examples giving students the context they need to further develop their understanding of topics. We promote a respect and care for the environment around us, as well as the global environment, encouraging ethics and principles alongside our British culture and values.

Course Breakdown

AQA GCSE Geography

Year 10 topics:

- The Challenge of Natural Hazards
- Urban Issues and Challenges
- The Living World
- The Changing Economic World
- Physical Landscapes in the UK
- Fieldwork

Year 11 topics:

- The Changing Economic World
- Physical Landscapes in the UK
- The Challenge of Resource Management
- Sustainable Urban Development

Revision Recourses

1. Students have electronic revision resources available via their class channel on Microsoft Teams. Classes have been made aware of these resources and how to find them. Included in this file is:
 - An electronic copy of the course textbook and corresponding revision guide
 - Practice past exam papers
 - A revision timetable with topics broken down by week
 - InternetGeography revision mats
2. Revision guides and exam practice workbooks are available to buy on Amazon for under £10 each, and are highly valuable to students during this year
3. Miss Puttick and Mrs Fraser will be running weekly Geography revision sessions for Year 11 in F10 from 3-4.30, Year 10 students are more than welcome to come along if they need assistance.
4. BBC Bitesize and Seneca Learning are also encouraged.

We will not be able to help your child reach their full potential without your involvement and support. Please encourage them regularly to access the support and material, to attend all their lessons and come to revision sessions. We are here to help and support them.
