Meet Mrs. Voris, Student Assistance Program Coordinator

I am a school social worker who supports the efforts of the WAHS Student Services team, including all house counselors, social workers and psychologists. I earned my Masters degree in Social Work from the University of Illinois, and more recently earned a certificate as a Alcohol and other Drug Counselor so that I can provide additional specialized resources to WAHS students struggling with the effects of substance abuse.

My primary responsibility as the Student Assistance Program Coordinator is to support house personnel and to develop programs that will support the mental well-being of all WAHS students (including therapeutic support groups, a mentoring program, and community mindset efforts).

We’ve been working hard to make your access to help as easy as possible. Please check out all of the resources that we’ve put together for you on the Social Emotional page of the WAHS Student Services website!

* GREET OTHERS BY SAYING “HELLO”, “GOOD MORNING”, AND CALLING THEM BY NAME
* NOTICE WHEN A CLASSMATE IS MISSING AND WELCOME THEM BACK UPON RETURN

IF EVERYONE DOES THEIR PART, WAHS WILL CONTINUE TO BE BEST!
