

# What is the Certificate of Completion (COC)?

The **Certificate of Completion (COC)** is awarded when students complete all core and breadth requirements with a minimum 2.0 GPA. Once applied for and awarded, it will appear on students' transcripts and is considered part of their official record. The Certificate allows students to "lock in" their Gen Ed credits and is transferable between institutions in the Utah System of Higher Education. General Education accounts for approximately 36 - 39 credit hours and an Associates degree requires a minimum of 60 credit hours. **Do not be misadvised. Meet with a WSU college academic advisor.**

*No more than 20 CE credits can be taken per semester and no more than 30 CE credits per school year.* Students completing the required Utah Higher Ed General Education credit courses with a "C" or better are eligible to receive a **General Ed Certificate of Completion** accepted at public state universities signifying completion of General Ed requirements. This equals 36-40 credits towards the 60 credit associates degree. Students must **meet with their high school counselor to declare the COC or Associates degree** and then meet with a college academic advisor through [ceadvising@weber.edu](mailto:ceadvising@weber.edu). \*Check with your desired college institution for updated official information on these opportunities.\*
