

EARLY YEARS,

LYCÉE INTERNATIONAL DE LONDRES WINSTON CHURCHILL

A French-English curriculum all day, simultaneously.

Our Early Years Programme is for children aged 3&4

Parents often ask us when children should start learning another language.

There is only one answer:

"As early as possible!"

Within a short period of time, children will effortlessly switch from one language to the other with each teacher and acquire the culture and love of each language.

Dual language immersion programme

Students can now benefit from our unique Early Years dual language immersion programme from the age of three, guided by two teachers who each use their mother tongue or native language alongside each other. This setting creates the ideal conditions for bilingualism to flourish naturally in a safe and nurturing environment.
