

Lee's Summit R-7 Facilities Services
502 SE Transport Drive
Lee's Summit, MO 64081
816-986-2420

July 9, 2019

In an effort to fairly distribute gym space and give competitive teams an opportunity for practice time, the Lee's Summit School District will take applications for gym rental now through August 2. On the evening of August 8 at 7pm, a lottery or drawing will be held at the Facility Services building at 502 SE Transport Drive, Lee's Summit, MO.

Lottery protocol:

1. Coaches/Teams are assigned a number. The lottery moderator will randomly draw numbers until each coach/team has taken a turn. During each turn, the coach/team will pick two slots. One slot = one hour in a half gym.
2. Each team is allowed a maximum of four slots. Coaches with multiple teams should submit separate paperwork for each team.
3. Coaches/Teams will be given a maximum of 5 minutes to make their selections.
4. For a team to be eligible to participate in the lottery, the coach shall submit and have on file the Application form, Indemnification and Hold Harmless Agreement and application fee by 3pm on August 2nd. Additional forms in the basketball packet must be turned in no later than September 20, 2019.
5. Each team must have at least 50% of its members residing within the LSR-7 School District boundaries. There are no exceptions.
6. If any participant or parent signatures on the Individual Participant Waiver/Verification of Attendance Form is found to be not authentic, the coach/team will forfeit the use of district facilities for the school year. The Director of Facilities reserves the right to refuse the application of any coach/team who submits falsified application paperwork beyond one school year.

Practice locations are as follows: Bernard Campbell Middle School (1 gym), Pleasant Lea Middle School (2 gyms), Summit Lakes Middle School (1 gym) Monday through Friday. Time slots: 6-7pm, 7-8pm, 8-9pm.

The season runs from October 1 through the end of February. You may continue practicing during the months of March and April with approval from the Facilities Office. No practices are allowed prior to October 1 or after April 30.

Kyle Gorrell
Director of Facilities
