Summer Advising Opportunities

Summer Programs:

Apply for Orientation

All students are expected to complete this summer's New Student Orientation program to help them learn the essentials for being a successful student.

When you participate in New Student Orientation, you will:

1. Be assigned a personal Orientation Leader.
2. Learn about all of the valuable student services and academic resources available to promote your personal and academic success.
3. Learn the importance of being involved in student life, and many of the options available to commuter and residential students alike.
4. Register for fall 2020 classes on your orientation date*.

You must complete the pre-orientation modules and have basic tuition and fees paid to register for classes on your registered orientation date. Basic tuition and fees are due two weeks before your New Student Orientation date, which is the day that you will register for classes.

Verification

Verification is a process in which College/University confirms the accuracy of information provided on the FAFSA. Verification is a federally mandated program to ensure accuracy in the administration of federal financial aid.

If you are selected for verification, College/University will notify you via your university email address. Submit the requested items promptly (within 45 days) or risk losing consideration for some financial aid programs. If you are required to provide your taxes, you can update your FAFSA using the IRS Data Retrieval Tool <https://studentaid.gov/re-sources/irs-drt-text>. If you are unable to use the Data Retrieval Tool, you must provide an official IRS tax return transcript. There are three options to get an official tax transcript: Visit www.IRS.gov to request a transcript online or by mail; make sure to request an "IRS Tax Return Transcript." The "IRS Tax Account Transcript" cannot be used for verification purposes. Call 1-800-908-9946, Submit IRS Form 4506T-EZ, or IRS Form 4506-T. For more information, go to

Requested items needed for verification will be listed in the To Do List task of College/University Student Portal weblink. All your federal and need-based aid will be on hold until verification is complete. Once verification is complete, your To Do List will be updated. College/University may adjust your financial aid package based on the results that were determined through the verification process.
