

School Plan 2021-2022- Salt Lake Center for Science Education (Salt Lake)

**Goal #1**

By June of 2022, Salt Lake Center for Science Education will increase reading proficiency by 10% as measured by RI for 9<sup>th</sup>-12<sup>th</sup> grade students with an emphasis on students reading below grade level.

**Academic Areas**

Reading

**Measurements**

ACT Aspire, BRI (Basic Reading Inventory), and HMH Reading Inventory (Scholastic Reading Inventory, SRI) will be used to determine which students will be assigned reading intervention and placed in reading classes. Students will be monitored throughout the school year in their reading classes. Students can be moved out of reading classes once they are reading on grade level.

Data will be assembled at the end of the 2021-20211 school year to evaluate individual progress as well as the overall effectiveness of the program. Data related to reading level will be correlated with grades and ACT Aspire data to determine if reading increases are resulting in better academic performance.

Reading assessments will be done in the fall, winter, and spring to monitor progress.

**Action Plan Steps**

The funds will be used to pay a reading teacher trained in reading interventions to work with students not reading on grade level in targeted reading classes throughout the year.

Students will be identified at the end of the 2020-2021 school year. Students new to the school in fall of 2021 will be tested in August to determine if they need interventions. They will be placed in appropriate reading classes.

Student progress will be monitored in fall, winter, and spring using the BRI and HMH RI (SRI).

Data related to reading level will be correlated with grades and ACT Aspire data to determine if reading increases are resulting in better academic performance.

**Expenditures**

Category	Description	Estimated Cost
Salaries and Employee Benefits (100 and 200)	All expenditures will go to the salary and benefits of a reading teacher with expertise in reading interventions	\$50,215.00
	Total:	\$52,215

**Summary of Estimated Expenditures**

Category	Estimated Cost
Salaries and Employee Benefits (100 and 200)	\$52,215

Total:	\$52,215
--------	----------

#### Funding Estimates

Estimates	Totals
Estimated Carry-over from 2020-2021 Progress Report	\$0.00
Estimated Distribution in 2021-2022	\$52,215
Total ESTIMATED Available Funds for 2021-2022	\$52,215
Summary of Estimated Expenditures for 2021-2022	\$52,215
This number may not be a negative number Total ESTIMATED Carry Over to 2021-2022	\$0.00

#### Funding Changes

Any carryover will be utilized to purchase materials for the course.

#### Publicity

- Letters to policy makers and/or administrators of trust lands and trust funds.
- School newsletter
- School website

#### Approval

Please indicate the voting results to approve this school plan

Roll call vote on March 10, 2021- majority approved 19 in favor, 3 absent, 0 opposed

Salt Lake City School District Board Approval on March 16, 2021
