

From The Softball Fields To The Principal's Office, Stewart Has Always Been A Leader

TUPELO, Miss. — Haley Stewart has been a happy face around the Tupelo Public School District for 15 years, after deciding not to follow her childhood dreams of becoming a paralegal.

Born and reared in Hurricane, Miss., the former JUCO softball standout earned her bachelor's degree in elementary education at Mississippi State and her master's in educational leadership at Concordia University.

She loves to take trips to the beach with daughter Elly, son Hayes and husband of 12 years, Don.

Family has always been a huge part of her life, with both parents being her biggest role models. They inspired her to always get her hands dirty, work hard, care for others and to always trust in the Lord.

In an ideal world, she would be with her family in Breckinridge, Colo. and riding off into the sunset in her Jeep after a fun-filled day of snow-skiing.

And if there's a must-have drink for this ECEC principal, it's a cup of coffee.

This week's TPSD Administrative Focus and winner of a Buffalo Wild Wings gift card is Haley Stewart of ECEC.
