Here is our schedule for the year:

October 12

November 9

December – Enjoy your holidays!

January 11

February 8

March 8

April 12

May 10

Community Council Trainings Opportunities

- State training October ???
- District training November ???

Review of school improvement goals

The School Improvement Plan was discussed. The plan can be found on both the Stewart and District webpage. A change was made to the math goal: The 3rd year of the CMI math training will be postponed due to the implementation of the LETRS training this year. To help us reach our math goal, we have hired a math coach to help teachers continue to follow the CMI guidelines.

We will probably have extra Trustland funds this year due to the inability to hire more Teacher aides.

Questions and Answers

In addition to approving funding, we will also continue to teach parents about Digital Responsibility. A training video was sent to members for review.
