

Job Order TWC

Middle School Special Education Teacher

POSITION: MIDDLE SCHOOL MATH TEACHER

Job Duties: Assist in solving pertinent problems and concerns related to students' Mathematics course completion and success on STAAR/Algebra I EOC. Work with the district's Mathematics Curriculum Supervisor to ensure consistency of the flow of information, campus fulfillment of district-level, instructional expectations, and consistent use of research-based instructional practices at the campus level. Develop and implement lesson plans that fulfill the district's curriculum program. Prepare lessons that reflect accommodations for differences in student learning style. Work with students in need of intervention. Assist students in using strategies, including those for testing, which meet their abilities, interest and needs. Design and implement a plan for Mathematics course completion of underachieving, at-risk student groups, including students with a history of failure on STAAR/Algebra I EOC. Meet with students individually to identify students' most pressing needs. Collaborate with other teachers to observe overall class progress, behaviors and assure proper interventions are used for students' improvement. Assist students in fully integrating the Mathematics TEKS (Texas Essential Knowledge and Skills) and use of released tests for STAAR testing.

Location: Lincoln Middle School – 1023 Abe Lincoln Ave., Port Arthur, TX 77642
