

## Dual Credit Student/Parent Course Agreement

---

As a dual credit student, I will be enrolled both in my high school and Hinds Community College simultaneously. I understand and agree to following:

- I understand I must meet admission requirements to the college in order to be admitted, and I must meet course placement requirements to be registered to certain college courses.
- After admittance to the college, I understand Hinds CC will register me into the college courses in which my high school recommends and, at that time, I will become an enrolled student of Hinds Community College.
- As an enrolled student of Hinds Community College, I agree to abide by all college policy and procedures as stated in both the college catalog and student handbook found on the college website at [www.hindscc.edu](http://www.hindscc.edu).
- I understand I will have a My.Hinds student account where I can view and monitor important information such as my class schedule, grades, view and pay balance, and withdrawals. Log in using instructions at [my.hindscc.edu](http://my.hindscc.edu)
- I understand that any Hinds Community College courses I take online, at my high school, and/or at the Career and Technical Center are both for high school credit and college credit and that I will receive a high school grade and a college grade.
- I understand my high school may have a different grading scale than Hinds Community College; therefore, my high school grade and college grade could differ.
- I understand the college grades I receive for any Hinds CC courses will go on my permanent college transcript.
- I understand that I may withdraw from a Hinds CC course during the designated college withdrawal dates with permission from my counselor, and my counselor will communicate this information to Hinds CC.
- I understand a course withdrawal will still appear on my permanent college transcript as hours attempted, but I will not receive a letter grade.
- I understand that there are fees associated with taking dual credit courses at Hinds CC and some fees may be waived; therefore, I must speak to my counselor regarding which fees I am responsible for paying.
- I understand if I choose to enroll in a Hinds CC course on a Hinds campus or in Hinds CC online courses, I will be subject to normal college tuition and fees unless enrolled in Dual Credit Online courses.
- I understand that Hinds cannot release my college transcript to me or another institution until proof of high school graduation is shown by submitting an official high school transcript.
- I understand that I will be required to purchase a college textbook and any supplemental learning aides, if applicable, for dual credit courses.
- I understand that Hinds Community College complies with the Family Education Rights and Privacy Act 1974 (FERPA) which gives students the right to control who views their confidential records. For parents to access these records, students must sign a FERPA waiver.
