Principal's Phoenix Flyers:

Hello RAHS Families and Community –

This month, we continue to celebrate **National Hispanic American Heritage Month** by not only recognizing the contribution Hispanic American's have made in the past, but how they are also contributing to our present-day Aviation and Aerospace community. For example, the National Hispanic Coalition of Federal Aviation Employees (NHCFAE) was established in 1978 in an effort to provide a network for Hispanic employees of the Federal Aviation Administration (FAA) and the Aviation Industry. Today, the Coalition is the chief advocate for issues affecting Hispanics in the FAA. Proud members of the NHCFAE who were recently highlighted on their website include Yamileth Gonzalez a Drug and Alcohol Enforcement Inspector, William Velazquez an Aviation Safety Technician, Melissa Rivera a Management Program Analyst and Maritza Miranda, Technical Advisor for New York. We appreciate the path these FAA employees are blazing for the future.

A very special part of Raisbeck Aviation high School is that we have the opportunity to host visitors from all over the United States. This past week we were honored to host three visits - from the **Association of Washington Business Manufacturing Tour**, a visit from members of the **CAPS Network** – a national network of innovative schools that RAHS is a proud member of, and finally, a visit from the Aviation Maintenance division of **Vulcan, Inc.** The best part of these visits is that our guests experience our school from the student's point of view. Thank you so much to our Student Ambassadors and Club Leads who gave generously of their time to show off some special aspects of our school for these visitors! We appreciate you **Smera Venkateswar, Leah Mathew, Ian McGaha, Colton Bryant, Edward Duong, Torin Samples, Eric Nguyen, Abigail Jawili, Alexis Lee, Jason Poon, Trent Nguyen, Andrew Baruck and Cameron Dancer!**

We have a busy two weeks of testing coming up! We've got this RAHS!
Have a great week.

Therese Tipton

All Highline students will receive free breakfast and lunch for the 2021-2022 school year, regardless of income level. We are however, encouraging those families who qualify, to fill out the free/reduced lunch form online. <https://apply4meals.highlineschools.org/fma/> And as always, students can bring their own meals from home.

Students – Discover U week is October 11-15th! Look for fun opportunities to explore careers and colleges!

Students – Homework help is available every day during lunch in Mr. Gudor’s room with Ms. Clem. This is an incredible resource for getting help with assignments, test prep, study skills and more – no appointment necessary, come be a part of **Phoenix Scholar Society**, stop by any time during lunch!

New PE and Art contracts for 2021-2022: Planning a PE or Art contract for this school year? Register for the PE & Art Contract class in Canvas using this link: <https://hsd.instructure.com/enroll/H4ENP3>. All contracts started after September 2 must use this Canvas class, and be completed by the end of the school year. See Mr. Sav any time if you have questions or need help.

Students - PSAT & SAT is this week on **Wednesday October 13** for grades 10-12. **This includes Running Start students!** Get a good night’s sleep, get to school on time, and bring water, a snack, and a calculator if you have one. Free PSAT prep resources are at <https://collegereadiness.collegeboard.org/psat-nmsqt-psat-10/practice>, and free SAT prep resources are at <https://www.khanacademy.org/test-prep/sat>

Tutoring available: Highline Schools provides free, live, personalized online tutoring through Paper- go to <https://myapps.classlink.com/home> and click on the “Paper” link to get started. Tutoring is available in all subjects, including writing and essay review, and in multiple languages.

Students - Dress Standard: Being back at school means getting back into our dress standard. See the [Student Handbook](#) for details or look for posters around school.

Attention RAHS Juniors – The Museum of Flight Washington Aerospace Scholars opportunity is now open. The WAS scholarship is an online distance learning course and summer experience specifically designed for high school juniors interested in pursuing science, technology, engineering, and math (STEM) pathways through the exploration of space and space travel. This is an amazing opportunity and partnership for our students! **Due October 17** [Museum of Flight WAS Application Information](#)

Students- Official Transcript Request Forms are located in the College Career Center on the second floor, Room #2500. This request is REQUIRED in order to have official transcripts mailed to your college of choice. Complete and return this form to Mrs. Tranholt 10 days before it’s due to ensure the transcript will be received by your college on time. If you think that your transcript should be uploaded instead of mailed, please check with Mrs. Tranholt or Ms. Carper.

Students - Museum of Flight Access: All students are reminded to be on your best behavior at the Museum of Flight! Move carefully and respectfully through the facility, mind your volume, and stick to those areas available to the public. Be mindful of signs and directions for museum guests, and remember that those apply to you as well.

Attention Students! Are you thinking about getting an after-school job? If you have a job while in high school in the State of Washington, you have to have a form signed by the school, called the **Washington State Department of labor Parent/School Authorization** form. The really good news about having the school sign the form, and keeping track of student jobs and your hours, is that you are eligible to attain **Work-Site Learning credits!** Please see Mrs. Tipton or **Mrs. Olsen** in the Career Center if you have an authorization form to be signed or have questions about a job outside of school!
