

The Counseling Department at Centaurus High School

OUR MISSION

The Centaurus High School Counseling Department provides a comprehensive developmental counseling program to all Centaurus students. The mission of the High School Counseling Program is:

- To assist students in successfully navigating through the high school process while helping to prepare them for post-secondary options.
- To advocate for students by acting as liaison to all academic departments and school services, as well as the community.
- To provide academic advising, career and post-secondary guidance, and personal/social counseling.
