2020 UPDATES

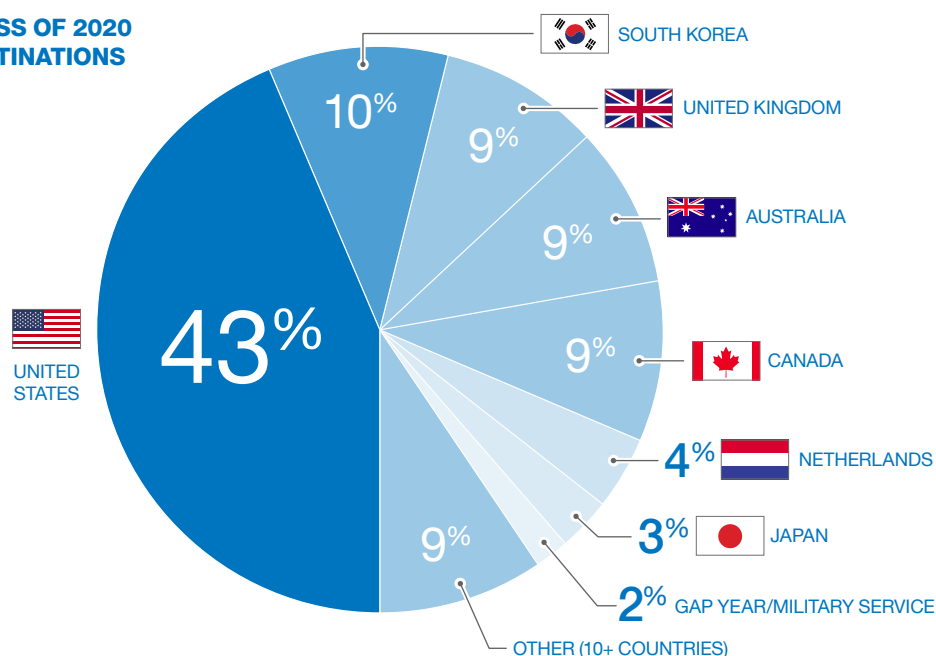

On March 10th, 2020, JIS transitioned to home/online learning. Students continued their education remotely for the remainder of the school year, which finished on June 5th, 2020. Students continued to receive high-quality education and were taught and assessed to ensure they met learning outcomes. We began the 2020-2021 school year with a home/online learning approach, and as of October 15, 2020, this remains our status.

JIS students have faced challenges accessing the SAT, SAT Subject, and ACT tests over the past year. For example, the September and October 2020 SAT sessions were cancelled in Indonesia. We ask that universities take this into account when evaluating students' applications.

JIS reports behavioral suspensions from school, where the university application allows or asks for this information.
