

GUIDELINES

Long-term prescription medication will be given on a field trip provided the parent understands the following:

- Long-term medications will be given by another staff member during the field trip. The Nurse does not attend field trips. One dose of your child's medication will be sent with the designated staff member in a labeled container.
- The parent may elect not to have the child receive medication on a field trip.
- The parent may attend the field trip and administer medication to their child.

For procedures regarding medications on overnight trips, see FMG(REGULATION).
