Siblings of students on transfer may receive preference in attending the same school on transfer status during the same school year in which a sibling is assigned, and where such sibling has previously attended. However, transfers are not guaranteed for the sibling and criteria must continue to be met and space available.

If during the school year a student's home zoned residence changes, attendance for the remainder of grades 5, 8, or 12 will be granted. Appropriate intradistrict or interdistrict transfer applications must be submitted and criteria will apply.

If during the school year a student's home zoned residence changes in grades other than 5, 8, or 12, the student will be eligible to apply for an interdistrict transfer. If approved, the following considerations for approval will apply:

4. Transportation

Parent must provide transportation to and from school and ensure students arrive at school and are picked up from school on time.

5. IDEA requires the district to provide students a free appropriate education (FAPE). The ARD committee develops the IEP for the student and determines the placement in which it can be implemented in the least restrictive environment (LRE). It is the duty of the ARD committee to develop an appropriate placement for the student.

TRANSFERS NON -
RENEWED

The principal may non-renew a transfer at the end of the year for any of the criteria below:

1. Misrepresentation of residence on enrollment documents.
2. Space: this takes into consideration the enrollment of a campus at the start as well as throughout the school year. In elementary, calculations at each grade level will be taken into consideration.
3. Attendance must be satisfactory. Unexcused absences, excessive tardies, as well as excessive absences, will be considered.
4. Conduct/behavior must be satisfactory.
5. Academic student performance must be satisfactory.
6. Punctuality at arrival and dismissal times: it is the responsibility of the parent to ensure students arrive to school and are picked up from school on time.

FAMILIES DISPLACED
BY HURRICANE
HARVEY

The Superintendent or designee shall be authorized to investigate and approve intradistrict transfers under the Harvey Guarantee.

The last day of school before Hurricane Harvey was August 25, 2017. Displaced families that meet the following criteria are granted the Harvey Feeder Pattern Guarantee:

- For residents in SBISD on August 25, 2017, and had a child attending an SBISD school to which the family was zoned as of that date, and
- Have submitted a Student Residency Questionnaire (SRQ) by June 1, 2018, affirming the family's displaced status that has been approved by SBISD Department of External Funding, and
- Have submitted a Harvey Guarantee Transfer Request on the District webpage.

For families who meet the above criteria, the Harvey Guarantee:

- Ensures all children in a displaced family the same feeder pattern to which they were zoned as of August 25, 2017, regardless of whether or not the family moves back to that address or attendance zone.
- Applies for the educational life of all children in the family including elementary, middle, and high school.
- All siblings born on or before August 25, 2017 are eligible for the Harvey Guarantee.

Applies to displaced families residing in the SBISD attendance zone on August 25, 2017.

Note: If a family has received a Harvey Guaranteed feeder pattern transfer for their child but lives in a residence that is a different feeder pattern, the family has the choice as to where the child can attend school. Changes need to be made at the beginning of the school year.
