NOTRE DAME PREPARATORY RESPONSE TO COVID-19

Notre Dame Preparatory (NDP) closed its physical campus after spring break on March 16, 2020 in response to the state quarantine mandates. NDP quickly went into an Emergency Distance Learning model, and continued this for the remainder of the Spring 2020 semester. Technology is used extensively on our campus, with all students required to provide their own laptop or tablet as their primary education device. This requirement facilitated a smooth transition into Emergency Distance Learning for our students. Students received letter grades in all core classes and were offered the opportunity to choose Pass/Fail for elective courses only. The Pass/Fail option did not factor into the GPA. NDP graduation requirements for the class of 2020 were not altered; however, for the Class of 2021 the NDP Science requirement was reduced to 3 credits, allowing seniors who have taken Biology, Chemistry and Physics or Physical Science the opportunity to have one less class on campus. For Fall 2020, NDP began the year in an online learning model per state mandates. We offered a Hybrid model beginning September 2020 with 50% of students on campus each day. In October 2020 we had students return to campus every day, allowing students the option of remaining fully online. Approximately 7% of our students remained fully online. For the 2021-2022 school year, 100% of our students are back on campus full time, and we are no longer offering an online option.
