

WAGE RATES

Wage rates for various classifications of construction labor and supervision are adopted from time to time by the California Department of Industrial Relations, and filed in the district office.

The Board of Trustees of the Oxnard Union High School District has ascertained that the prevailing rate of per diem wages in Ventura County for each craft, classification and type of workman needed to execute public works construction are the rates ascertained by the State of California, Department of Industrial Relations, pursuant to Labor Code Section 1720, et seq., for such crafts, classifications and workmen.
