

General Information Regarding Activity Buses:

- All eligible bus riders are authorized to ride the after-school activity bus.
- Riders must present their bus tag and a pass from their coach.
- Activity buses do not have set routes. Schools that have more than one activity bus have designated areas of that school's busing area (i.e. north and south, east and west, etc.) The drivers of these buses develop routes based on the students that are riding that day.
- Because there are no set routes for activity buses, the amount of time students may ride and the stop they will use can vary greatly from day to day. Student ride times may exceed one hour.

Patrick Marsh:

Patrick Marsh has two after-school activity buses that run Monday through Friday. One bus services the north busing area of Patrick Marsh and the other services the south busing area. Both buses leave school at approximately 4:15 PM. Pickup is at the front door.
