

Princeton Public Schools Device Protection Plan

About

Princeton Public Schools Device Protection Plan is recommended to cover device repairs or replacements in the event of theft, loss, or accidental damage. Yearly Princeton Public Schools Protection Plan fees are placed into an account to self-fund device repairs and replacements.

This plan includes one replacement. Additional replacements will cost the student/parent the full value of a device.

Please Note: The district will cover the cost for families:

- who qualify for free/reduced lunch.
- who qualify for the district's Mobile Access Program.
- who qualify for the district's Internet for All program.
- whose child has an IEP requiring a district device.

Cost

The cost for the protection plan is annual. Since we depend on these fees to repair and replace broken devices, we ask that the insurance be paid by October 31st of each school year.

Device	Fee Up To October 31, 2021	Fee After October 31, 2021
MacBook Air	\$50	\$100
Chromebook	\$25	\$50
iPad	\$25	\$50

How To Pay for the Insurance

The district uses the My School Bucks website to collect payments for the Device Protection Plan. (<https://www.myschoolbucks.com>) If you already have a My School Bucks account, when you login, you will see a button for Technology Fees. If you are new to My School Bucks, attached are directions for creating an account.

Coverage

Students/parents will be responsible for damages to their school furnished electronic devices including, but not limited to, broken screens, cracked plastic pieces, inoperability, etc. Depending on the damage and whether or not the damage was accidental or due to a malfunction or maintenance issue, the Princeton Public Schools Protection Plan would be used to cover the cost of repairs. In the case of intentional damage and/or neglect, should the cost to repair exceed the cost of purchasing a new device, the student/parent will pay for full replacement value. The Princeton Public Schools Protection Plan does not cover lost items such as protective iPads cases and cables. Lost items such as iPads cases and cables will be charged the actual replacement cost.

Families who choose to opt-out of the district insurance will be responsible for the full cost of any repairs to the district device.

The iPads and the MacBooks are covered by AppleCare. This covers:

- repairs for any device issues not caused by damage in the first three years.
- up to two iPad repairs caused by damage in the first three years.

AppleCare does not cover the cost of:

- items that have been lost or stolen.
- damage to the MacBook Air.

(Below is a complete list of repair costs for each of the devices.)

If your child's device is having issues or becomes damaged, please reach out to your building's technology assistant. All device repairs are done in-district. Do not bring the device to any outside vendors for repair.

In cases of theft or loss, students or parents must file a police or fire report and bring a copy of the report to the principal's office before a device can be replaced with the Princeton Public Schools Protection Plan.

If you have any questions regarding device insurance, please email Mae Castro (maecastro@princetonk12.org).

iPad Repairs*			
<i>Part</i>	<i>If Damaged by User</i>	<i>If Lost/Stolen</i>	<i>Issue not caused by damage</i>
iPad	\$236.55 (AppleCare will cover two repairs during the first three years)	\$284.05 (Not covered by AppleCare)	No charge for three years from date of purchase
