SCHOOL NAME: Bevendean, Danes Hill School
OWNER: Ruth Samson and Georgie Smith Reviewed by: Tiffany Callis Approved by: Rob Andrews

Signed:			
Date:			

DATE: 6th September 2021

Purpose of this document:

This COVID19: Risk Assessment and Action Plan document sets out the decisions taken and measures put in place to prepare for the start of the new academic year of the school and ensure the school continues to operate in a safe way.

Existing policies and guidance continue to apply alongside the actions within this document, including but not limited to:

- Danes Hill School (whole school) COVID-19 policy
- Health and Safety Policy
- First Aid Policy
- Child Protection Policy
- Staff Code of Contact
- DFE Guidance relating to COVID19
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013
- The Health Protection (Notification) Regulations 2010
- Public Health England (PHE) (2017) ‘Health protection in schools and other childcare facilities’

For the purpose of this risk assessment, we have used the term ‘coronavirus’ to refer to coronavirus disease 2019 (COVID-19).(C19)

		maintaining a comfortable temperature.				
Off Site Activities/After School Clubs	Staff, Pupils	All Offsite Activities can take place. After school clubs can take place Wrap Around Provision is available	1	5	5	
Lateral Flow Testing	Staff	Asymptomatic testing remains important in reducing the risk of transmission of infection within schools. Staff should undertake twice weekly home testing in September. This will be reviewed at the end of September. Confirmatory PCR tests are required for Staff with a positive LFD test result. Whilst awaiting the PCR result, the individual should continue to self-isolate. If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and individual can return to school, as long as the individual doesn't have COVID-19 symptoms.	1	5	5	LFD kits available in the Office
Contact Tracing	Staff	From Step 4, close contacts will be identified via NHS Test and Trace.	1	5	5	

Likelihood

1.	Rare	Cannot believe that an even of this type will occur in the foreseeable future (1 to 3 years)
2.	Unlikely	Risk remains a possibility or yearly occurrence. No trend.
3.	Possible	Risk is monthly occurrence. Identified trend.

Area or activity assessed	Bevendean	Assessment date:	September 2021
----------------------------------	-----------	-------------------------	----------------

4.	Very likely	Risk is weekly or likely to occur but not persistent threat.
5.	Almost certain	Issues that are a current or persistent threat. Risk is daily or frequently / expected to occur when task is performed.

Severity

1.	Insignificant	Very minor injury (minor cuts/grazes). Very limited property damage/loss
2.	Minor	More serious injury <7 days off work/incapacity (sprains, serious cuts, bruising, injury needing medical attention. Slight property damage/loss.
3.	Moderate	RIDDOR reportable (to HSE) injury/sickness (except fatality). More than 7 days off work. Significant property damage/loss
4.	Major	RIDDOR reportable (to HSE) injury/sickness affecting more than one person (excluding fatality). Major property damage/loss.
5.	Catastrophic	Single or multiple staff fatality. Catastrophic property damage/loss

		Severity				
Likelihood of occurrence		Insignificant	Minor	Moderate	Major	Catastrophic
1.	Rare	1	2	3	4	5
2.	Unlikely	2	4	6	8	10
3.	Possible	3	6	9	12	15
4.	Very likely	4	8	12	16	20
5.	Almost certain	5	10	15	20	25

Risk rating	Risk acceptability	Management actions required
20 – 25	Unacceptable (significant)	Work should not be started or continued until the risk has been reduced.
12 - 16	Substantial (high)	Work should not be started or continued until the risk has been reduced to a level that is as low as reasonably practicable.
8 - 10	Manageable (medium)	Efforts should be made to reduce the risk rating to as low as reasonably practicable. However, the costs of prevention should be carefully measured and justified.
3 – 6	Manageable (low)	Monitoring is required to ensure that current control measures are maintained. Consideration may be given to any further control measures that are cost effective or no additional cost burden. Record local actions, inform relevant manager.
1 – 2	Acceptable (trivial)	No additional controls are required, standard monitoring is required to ensure controls are maintained. Record assessment, inform relevant manager.
