10. PUBLIC HEARING - Williams Act – Sufficient Textbooks and Instructional Materials

Annually the Board of Trustees is required to certify compliance with all regulations regarding Instructional Materials per Education Code Section (E.C.) 60422(a) and California Code of Regulations Title 5, Section 9531(a). This includes holding public hearing to determine whether the district has sufficient standards-aligned textbooks and instructional materials and a Board Resolution to confirm the sufficiency. Public Hearings allow for input from the Public and the Board on this topic. At this time, all sites have the textbooks and instructional materials required to meet student needs.

President Sher declared the Public Hearing open at 6:14 p.m. No comments were received; therefore, President Sher declared the Public Hearing closed at 6:15 p.m.

11. ACTION ITEM

A. Consideration of Adoption of Resolution No. 20-47 Regarding Sufficiency of Textbooks or Instructional Materials for the 2020-2021 School Year

Motion: Trustee Herrera moved to adopt Resolution No. 20-47 Regarding Sufficiency of Textbooks or Instructional Materials for the 2020-2021 School Year, as presented. Seconded by Trustee Davis and carried unanimously with a roll call vote of 5:0.

- Annually, including this year with Distance Learning, the Educational Services office works with site textbook clerks and Principals individually within the district’s inventory system, Destiny, to ensure the correct number of textbooks are available for the number of students enrolled in each course.
- The Williams Act now includes an electronic version of textbooks. This year there is an ELA adoption for grades 9-12 where textbooks and materials are online; therefore, each student has to be able to access their materials before the district can be certified.
- Chromebooks and hotspots are considered essential instructional materials.
- CIHS and HHS receive annual visits under Williams. Unfortunately, this is under an antiquated Education Code related to the API system from several years ago. The district is continually advocating for these sites to be released from these visits.
- Both CIHS and HHS had successful virtual visits this year.

12. PUBLIC HEARING

Numbers for special populations have not yet been run but they can be reported to Trustees in a Friday Update.
- Teachers have been asked to follow-up with students that have not been checking-in to their classes. Assistant Principals have also assigned office staff to continue to follow-up with students, parents and families, bilingual staff are available as needed.

- Parents are notified prior to their student receiving a social emotional universal screening survey and will have the ability to opt out.
- The district is in a one-year contract with CoVitality who will supply the questionnaires to students. CoVitality will also provide the data results back to the district.
