CONSENT FOR SCREENING

Child Find has received a request for a developmental screening for your child. The developmental screening may include cognitive development, speech and language development, behavioral or social/emotional development, and self-help skills as well as vision and hearing. The screening is designed to help identify those children who may need Exceptional Student Education services. If any developmental delays in these areas are suspected, your child may be referred for further testing to determine his or her eligibility for your school district's programs for children with special needs.

Child's Name: _____ Date of Birth: _____

We must have your written permission to proceed with the screening process. All results and recommendations will be discussed in detail with you.

☐ Yes, I give consent for the proposed screening.

☐ No, I do NOT give consent for the proposed screening.
