7. RECONVENE IN PUBLIC: REPORT ON CLOSED SESSION ACTION

The Board reconvened at 5:30 p.m. into Open Session. President Hall reported that the Board of Trustees of the Oxnard Union High School District approved the appointment of Dr. Tom McCoy to the position of Assistant Superintendent of Educational Services. The motion was made by Trustee Davis, seconded by Trustee Edmonds, and carried unanimously. Vote 4/0. Absent: Trustee Herrera (recused herself from the appointment process). Dr. McCoy spoke for a few moments about coming home to the OUHSD and thanked the board for their trust.

8. PUBLIC COMMENTS TO ADDRESS THE BOARD OF TRUSTEES

- Several students at OHS spoke to (1) access of water fountains on campus; (2) lack of cleanliness; (3) fowl taste of the water and fact that it was warm; (4) vending machines running out of bottled water; (5) cost of bottled water, and that good water should be free to all students – not all students can afford it; (6) request for hydration stations and filtered water. Want this issue addressed at all of the sites. It was noted that even mild dehydration can cause fatigue and difficulty with mental tasks.
- Several parents and students from ACHS also addressed their high temperature concerns, noting that 21st century learning does not happen in 19th century classrooms. Request that students be sent home when inside classrooms reach 85 degrees and days be made up when it is cooler. Others requested that a committee be formed to help find a long term and short term solution to this problem. Further, comments were made that teachers cannot be expected to teach effectively under these conditions.
- President Hall stated that Assistant Superintendent, Steve Dickinson, would address these comments as part of his report, as they were not agendized.
- Parents spoke to the new HHS principal who is being hired, noting they wanted to ensure this individual is reflective of the community. They further stated that they would like a principal who is bilingual, and that parents be involved in the interview process. A request was also made to provide HHS with a list of people who had applied for that position. It should be noted that these cannot be provided as these names are confidential as part of the panel selected for the hiring process.

9. SUPERINTENDENT'S REPORT –

- Steve Dickinson, Assistant Superintendent, opened his remarks by clarifying for the audience that he is not the Superintendent or Interim Superintendent. He remains the Assistant Superintendent of Administrative Services until an Acting Superintendent is named by the board. He also stated that the Superintendent of the County office called to state that Dr. Soumakian is still recognized as the superintendent of OUHSD by the state and county.
- The principals and cert directors have been working to create a list of the highest priorities that person should be focused on.
- Had meeting with principals on Monday. One concern of theirs was that due to vacancies, they would not be able to provide as much information regarding SBAC testing and the Common Core.
- Much work to be done with proctors, teachers and students.
- Heat: Provided a Draft Communication provided to the board, cabinet and all members of the audience. He thanked all members of the audience for their contributions, further stating that he had talked to 15-20 people on the phone regarding this matter as all have same concerns. Intent is to draft something and come up with a plan. Agrees with Kamala Nahas that as part of the process, we should have both short and long term plans to resolve this problem.
- Dickinson added that we don't have a protocol for school cancellations per the VCOE, and/or national weather service who issues excessive heat advisories. If a parent feels their child is particularly at risk they are encouraged to take their student out of school, with no penalty.
- He discussed the Williams Act which provides for guidelines, and stated that the 85 degrees noted is just a range. Dickinson wanted parents to understand that we are not violating any rules or guidelines. This is a quality of Education issue.
- On these hot days we appreciate and encourage folks to drink water, as well as limiting physical and computer activity, and using things that generate heat. Only portables have A/C and some of our libraries.
- If we do an early release, then we also do have complaints/concerns from parents as they have no way to pick up their students
- Authorized purchase of fans last year to provide for better air flow. The only true long term solution is A/C and it is very expensive. Encouraged the board to direct us as to protocol with temperature thresholds to discuss at the next meeting. L wing was approved for ACHS. We are in the process of bidding this and should have it installed by the spring of 2015. We *have not* committed to an

additional wing at this time. We get annual funds for many other competing routine priorities.

- Monday, October 5: RCHS linked learning initiative that featured Robert Wise, former governor of West Virginia. The ribbon cutting was also well attended.
- Recently held all back to school nights. Condor will be held tomorrow night.
- LCAP meeting will be held at the District office tomorrow night.
- Rocky Valles addressed the hiring process for principal at HHS. Met with staff there. Addressed all staff, provided timeline, array of different staff members on the panel, parents would be involved in the process. Made himself available all day to see what qualities staff wanted in their principal. He also stated that he met with the ASBs to gain additional input. He added that there would be parent meetings in the library: Library 5-6:30 in order to obtain further input. Valles added if someone cannot attend, they could contact him at DO or email him. He further stipulated that the meetings would be provided in Spanish and English, and that the position will be flown nationally for one month. It closes this Friday and the paper screening will be this Monday.

12. ACTION

A. Consideration of Approval of Budget Revision and Revised Ending Fund Balance

Approved

Dickinson stated that we recently revised BP 3300, so that not only will we bring it to the board at First and Second Interim, but at any point in-between if we knew we were exceeding our budgets. He further stated that his department has position control in place, which effectively maintains a running account of when/where items are added to the budget and associated costs.

Motion: Trustee Herrera moved that the Board of Trustees approve the expenditure changes, as presented. Seconded by Trustee Edmonds and carried unanimously. Vote 5/0.

B. Consideration of Approval of Recommendation of Measure H Bond Oversight Committee Member

Approved

Motion: Trustee Davis moved that the Board of Trustees approve the recommendation of Measure H Bond Oversight Committee Member, as presented, noting Mr. William Wilson would like to join the committee. Seconded by Trustee Herrera and carried unanimously. Vote 5/0. President Hall thanked Mr. Wilson for serving and Dickinson stated that the committee still has two vacancies if viewers are interested.

C. Consideration of Approval of Approval of Additional Authorization for Inspector of Record Through Kenco Construction Services at Rancho Campana High School

Approved

Motion: Trustee Davis moved that the Board of Trustees approve a \$104,640 increase in the DSA Inspection agreement with Kenco Construction Services, as presented. Seconded by Trustee Herrera and carried unanimously. Vote 5/0. It was noted that these amount was outside the lease leaseback and there is no impact to the overall budget of RCHS.

D. Consideration of Approval of Ratification of the 2015-2018 Classified Unit Agreement between Oxnard Union High School District and Oxnard Federation of Teachers and School Employees

Approved

Motion: Trustee Edmonds moved that the Board of Trustees ratify the 2015-2018 Classified Unit Agreement between Oxnard Union High School District and Oxnard Federation of Teachers and School Employees, as presented. Seconded by Trustee Sher and carried unanimously. Vote 5/0.

President Hall thanked all involved for their hard work, adding many issues were addressed and resolved. Dr. Valles stated that we are set for our first round of Certificated Negotiations the first week of November.

E. Approval of Stipend for Administrative Mentor/Coach

Approved

Valles reiterated for all viewers and members of the audience that the VCOE (CASC Tier II) which clears our new administrators for their credential which is required within 180 days of hire in CA. This is critical for their success and retention. The cost for this is based on recommendation from the county @ \$40/hr. or \$14,720 or \$1840 /participant. Although the district could choose any coach we want, the county has a preferred coach they use, Jim Nielsen. All administrators stated they prefer an assigned coach, as this gives their new administrator another prospective, and all stated they are coaching their current employees.

Edmonds expressed concerns that these trainings take place during the school day. He noted that too many administrators are gone from the sites during the school days, and he stated that he prefers afternoon/evening type trainings. Valles noted that he hired 7 new and 5 new associate principals. We only have 21 Aps in the district, and more than half are participating in our program, which is difficult and puts a hardship on his site. Valles clarified that if we hire new people who are credentialed in California they do not require this training, however, if we hire someone who is credentialed from outside California or promote from within (i.e. Ap), most do not have this credential. All funding for this must come for each district.

Ms. Valerie Crisman Frandsen and Claudia were present to speak to any board questions. Crisman stated that the single most supportive thing is to have a coach support them. The district gets a candidate who is well supported, and a trained coach with a certificate, though use of the UCLA cognitive model, Berkeley Equity Model and ACSA Blended model, and are being trained in the Advanced UCLA Cognitive Model. These are

carefully molded to blend with the 6 capsules in Ventura County to be successful. Coaches are only required to stay a half day with their candidate, although they are given the option to stay all day. This program is job embedded and the program is flexible to meet the needs of your site and district. The learners provided one full day as opposed to ½ days; they come one half the number of items. A survey was conducted of all districts and the change for the days/hours was changed in the second year.

Trustees Herrera and Davis requested staff bring back a plan on implementing this, to include working with the principals, and others, and truly being partners, as well as options for the administrators and coverage.

Motion: Trustee Sher that the Board of Trustees approve the stipend for administrative mentor/coach, as amended, noting that it is 9 individuals rather than 8, or not to exceed \$16,560. Seconded by Trustee Herrera and carried unanimously. Vote 5/0. It was noted that the 9th individual was due to the addition of another AP at RMHS.

F. Consideration of Approval of Revised 2015-2016 Declaration of Need for Fully Qualified Educators

Motion: Trustee Herrera moved that the Revised Declaration of Need for Fully Qualified Educators for the 2015-2016 school year be approved by the Board of Trustees as presented. Seconded by Trustee Sher and carried unanimously. Vote 5/0.

Approved

G. Consideration of Adoption of Board Policy 2120 Superintendent Recruitment/Selection, First Reading

The Board of Trustees went through both the BP and the AR individually, line by line, making changes to be brought back for second reading. One primary change throughout the documents was replacement of “Assistant Superintendent of Human Resources” with the words “board designee”, to include the areas of oral interviews and reference checks. The words “Not Qualified (NQ)” were also added to the screening evaluation forms. It was stipulated that all things the board designee does should be undertaken in consultation with the committee, and/or per their instruction. It was noted that wording would be changed to reflect that “committee members who do not participate in the application tally, should be removed from the committee”. It was also stipulated that only the Board (or designee) may discuss any salary offer, rather than the Assistant Superintendent, Human Resources, as had been past practice.

Approved

The board requested that as soon as these changes were finalized, Dr. Valles provide the information via a Friday update, prior to the Second Reading on October 28.

Motion: Moved by Trustee Davis, seconded by Trustee Herrera and carried unanimously. Vote 5/0.

H. Consideration of Approval of Superintendent Search Firm

Dickinson stated that if the board wants proposals to them by October 28 this cannot be a RFP, as this means it must be out into the community for two weeks. If we wish to do a Request for Information we could have this ready for Monday and have it out there for one week. Then the board or designee would go through these, interview these firms on the 28th, present what firm can offer, and much of what they will discuss is the process. He also asked if the board wanted a 3 month or 6 month process, indicating he needed a timeline, methods of advertising, and whether they wanted a state or national search. He further added that much of what will drive their cost is the number of meetings: i.e. community meetings, teacher meetings, and a general meeting. How many interview rounds the board would like, and other specifics. We need to have a clear picture of the services the board will want from the search firm, whether all inclusive, or a tiered/menu type presentation where we pay for as little, or much of their available services.

Approved

He further stated that the board needs to determine if it wants to hire a search firm, do the search themselves, or a combination of both. He indicated that we don't have to do an RFP if we know of a firm with a good reputation – we could just hire them. We just require consensus, and would like the search firm appointed December 9. At the November 18 meeting we would like to hear their proposals. President Hall stated that the time period was a poor time to advertise for a Superintendent, and that should only be used for a search firm. We would have adequate time to advertise in January/February.

Motion: Trustee Davis moved that the board provides an RFP for a search firm to assist in the hiring of a new Superintendent with the intention that the interviews and selection will be held at the November 18, 2015 board meeting. The proposals will be due back on November 9. Seconded by Trustee Herrera, and carried unanimously. Vote 5/0.

13. BOARD MEMBERS' REPORTS AND COMMUNICATIONS

- A. Trustee Hall
- Also attended the RCHS opening ceremony. Great to see it all come to fruition. The campus is beautiful.
- B. Trustee Edmonds
- No report.
- C. Trustee Sher
- Attended Ribbon cutting at RCHS it was beautiful. Wished all of the founding teachers' names had been read; thinks that was a missed opportunity.
 - Attended CIHS Back to School night.
- D. Trustee Herrera
- Also attended ribbon cutting ceremony at RCHS.
 - Beautiful event to hear from the students, to hear the band play from the students, faculty and staff so proud of their students.
 - Was scheduled to go to CIHS Back to School night but was ill.
- E. Trustee Davis
- Enjoyed CIHS Back to School night and last Monday night with Mr. Dickinson, the regular Measure H committee oversight meeting.
 - Another tour of RCHS. Each time he visits he learns something new about the school. Commended Principal Roger Adams for the manner in which he represents the school.

15. ITEMS FOR FUTURE CONSIDERATION

- *Trustee Herrera*: Item discussed at Agenda Setting for Items for Future Consideration is not on there. This was about a report to board on the structure of certificated and classified management positions. Would like (1) report regarding procedures upon hire in district, do they go through cultural or diversity training? Understands we do Mandated Reporting. Especially with LCAP and LCFE and community of parents we serve. (2) Special education. Provide more information regarding how is this working? We have a duty to provide services but want to understand this process further. Where do we start off every year and how does this fluctuate.
- *Trustee Sher*: (1) Develop protocol for temperature thresholds in our district for future discussion. (2) Status report on A/C in L wing at ACHS and timeline (3) Issue of equity about computer technology. When will all have access to technology so we can retire the BYOD. Come back on 11/18. (4) Report on capacity to provide services to families other than English. How many of the sites have bilingual office staff on a permanent basis...not just temporary or part time, who have the capacity to speak languages other than English.
- *Trustee Davis*: Dr. Valles put out a Friday update regarding Sher's prior comment several weeks ago. (1) Asked that this update revised as this has now changed. Stated he is still confused regarding services at OHS. RCHS and Condor do not have bi-lingual receptionists. Davis reiterated that the board was clear that their direction was a bi-lingual receptionist at all sites. (2) refilling stations. Concerned about taking time of parents and children to come to a board meeting to tell us the water fountains are dirty, or not sufficient. Asked Mr. Dickinson and staff to follow up. (3) Temperature of rooms. Let's explore the possibilities and also look at Measure H monies. (4) OUHSD Achievement report – please put this for a date further out. (5) November 18 IT system admin salary revision and HVAC. Sunshine this with background information early with the Friday update. (6) Consideration of boundary change for 16/17. We approved a particular firm DecisionInsight. Would like an update on this matter

at the 28th meeting. Must be done prior to December. (7) Director of Student Services job description – this is so dated as this is not the job at all, and is misleading. Requested that Dr. Valles provide an updated draft to share with our candidates at the October 28 meeting. (8) Board report: received information from teachers regarding the computer loan program. Stated although positive, he didn't know anything about a \$70 insurance requirement or signature promissory note. Did not remember approving this, and principals are telling teachers this is board approved. Board report on October 28 on the One-to-One Computer Initiative/LCAP Goal II. (9) Board report regarding facility use fees for November 18 meeting. (10) Would like to have management employees separate. Does not want all the groups together; i.e. paras, etc. Separate agenda items should be approve separately as one is negotiated and one is not. (11) Will add unit share information to the Friday update.

Steve Dickinson noted that Stephanie Gillenberg would provide a food service report on October 28th.

16. ADJOURNMENT

There being no further items of business on the agenda, Board President Hall adjourned the Regular Meeting at 8:45 p.m.
