#### No Essay Scholarships

#### National Scholarships

## FLORIDA BRIGHT FUTURES

Florida Bright Futures is a state funded program that provides students with the opportunity to earn 100% tuition or 75% tuition based on weighted GPA and SAT/ACT scores. In order to be eligible for the 100% scholarship, students need to perform 100 hours of community service and log it through Profferfish. To be eligible for the 75% scholarship, students must complete 75 community service hours and log these hours into Profferfish.

In addition to students meeting these requirements, students who earn the AICE Diploma are also eligible to receive Florida Bright Futures with completion of 100 service hours. The program is accepted at any Public Florida University. The credit cost can also be translated to the cost of a Private University within the state of Florida, the student would then be responsible for the difference in credit hour cost.

### FBF Requirements 2021-2022

## East Rock Film Scholarship

Award: \$500

**Deadline: December 1, 2021**

East Rock Films is an educational organization that seeks to inform and inspire viewers by bringing to life famous writers, artists, and their works. We believe learning about the past can enlighten us all. Please describe someone from the past who especially inspires you – this person could be a writer, artist, scientist, activist, journalist, political leader, entrepreneur, or inventor, to name a few examples, and could be from any country. Your subject could have lived in the distant or recent past but is no longer living.

In your essay, please discuss:

- Why you chose this individual; what about your subject most impresses you or captures your imagination; what his or her lasting accomplishments are; and what lessons you are able to draw from this person's life.
- Also, please tell us briefly about your educational plans.
- Disclose what major you are considering to study in college and why. If currently in college, why did you choose your major over others? If in graduate school, why did you choose your area of study over others?
