***Before* sessions begin in January, we strongly recommend doing the following, as soon as possible:**

-Create an online College Board account, if you do not already have one. **DO NOT** create a duplicate account if there is ANY possibility you or a parent created one, previously. You may already have one if you have taken an AP class or a PSAT or SAT. Go to www.collegeboard.org.

-Link your College Board account to Khan Academy. This will give you the opportunity to utilize free, customized SAT prep that will focus on the skills needed to do well on this test. Go to satpractice.org to create and link a Khan Academy account with your College Board account.

-Take the **online** SAT PRACTICE TEST 3 from College Board and Khan Academy. (Taking this test will then allow Khan Academy to customize practice suited to your results.)
