

*What happens to all of the money you've spent on deposits and purchases if Grad Night is cancelled?*

Some vendors are willing to hold our deposits and apply them to the following year's Grad Night. Some will not. It is completely at the discretion of the vendor. Any non-perishable purchases made will be saved and used for the following year's Grad Night.

*What if my student wants to leave before 5 am?*

Check in time will be from 10-11 pm. We will contact parents if a student has not checked in by 11:30 pm. For students who would like to leave early, a parent or emergency contact listed when you purchased your ticket may check out their student at any time. However, once the student has left the party they will not be allowed to return. There are no in and out privileges. Sorry, this holds true to those over 18 as well – this is according to our insurance policy and is non-negotiable.
