The Karns City Scholastic Foundation is a non-profit education-related organization. The Foundation's vision is to expand the educational, co-curricular and extracurricular opportunities and activities of the students in the Karns City Area School District.

The Purpose of the Foundation

- Enrich, foster and promote excellence in education
- Encourage and reward academic achievement
- Support exceptional instructional and educational programs for students
- Reward, encourage and recognize individuals for their distinguished service and commitment to the students of the Karns City Area School District

Since its creation in 2012, the Foundation has awarded \$20,000 in student scholarships and over \$9,000 for individual teacher grants. The Foundation is approved as an EITC funded organization which means that businesses can make donations that are eligible for State Tax Credits.

Our goal for this year is to build community awareness and support of the Foundation. A Murder Mystery dinner will be held on November 13th at the Sugarcreek Firehall. Join us for dinner, raffle prizes, and an entertaining performance of "It's Murder, Charile Brown" by Mystery's Most Wanted.

For more information about the Karns City Scholastic Foundation or how you can contribute to or attend our November 13th dinner, please contact the District Office at 724-756-2030. Money raised through this year's event will be used to provide additional scholarships and/or teacher grants. We hope to see you there.
