Each data element found in the legislation must be on your transparency page. If you do not have information to post for a data element, please provide a line stating you do not have any applicable information to provide. Examples may be found in Supplement 1.

For new schools opening in 2021-22, data elements requiring previous fiscal year information will not be available. However, these sections must still be included on your transparency page. Please provide a line stating that because this is your first year of operation, data is not available.

Language in the State School Aid Act (MCL 388.1618 Subsection 11) imposes a state school aid penalty on districts that do not comply with Budget Transparency reporting.

The following supplements illustrate the form and manner prescribed by the Department.

- Supplement 1: This template shows the sequence, headings, links, and narratives for the data elements. For statewide consistency and ease of use, all districts should follow this template when designing their website. It sometimes helps to see what others have done on their websites. Please contact us using the information at the bottom of this page, and we shall recommend a website to view.
- Supplement 2: These are some examples of the required transparency documents. It may be easier to provide a narrative for particular data elements, in lieu of a document. These are noted in the supplement.
- Supplement 3: This is a Quick Reference Sheet developed to help keep track of the data elements, information required, and the time lines for updating each element.
