

Kenmore Elementary School-Parent Compact 2021-2022

Revised September

Dear Parent/Guardian,

Kenmore Elementary families agree that this compact outlines how the parents, the entire school staff, and the students will share the responsibility for improved student academic achievement as well as describes how the school and parents will build and develop a partnership that will help children achieve the State's high standards.

JOINTLY DEVELOPED

Kenmore families, students, and staff partnered together to develop this school-parent compact for achievement. In the 2018-2019 school year, staff suggested home learning strategies and families added input about the types of support they needed. Students told us what would help them learn. Families were encouraged to update and revise this document at our annual Title One meeting on September 14th, 2021. At this meeting we shared about our various programs and invited input in regards to the compact based on student needs and our school's strategic action plan and related goals. Families were also encouraged to participate in the annual Title One parent survey that is also used as a tool to collect parent feedback regarding the current Title One programs, policies and school climate.

To understand how working together can benefit your child, it is first important to understand the district's and school's goals for student academic achievement.

Northshore School District GOALS:

At Northshore, our mission is to strengthen our community through excellence in education.

Our actions are grounded in a strong belief in the capacity of every student to achieve academic and social-emotional success that prepares them to thrive in a world yet to be imagined. We are committed to equity, to safety and supports for students and adults, and to building on the strengths and addressing the needs of the whole child.

The ethic of lifelong learning is the catalyst for growth and continuous improvement. It powers the journeys of our students, educators, and community toward excellence.

Learning into the future guarantees that together, everybody grows every day!

Kenmore Elementary GOALS:

***Our staff met in the Spring of 2021 to share feedback about goals for the next school year. Our SDLT revisited our agreed upon goals in August to begin thinking of ways our goals might be implemented during the 2021-2022 school year. Additionally, these two goals were our focus for the past two school years as well and continue to be relevant to our work at Kenmore Elementary.*

~Strategic Action Plan Goal 2: “Responsible, Resilient, Empathetic Learners”

- 1. Increased percentage of students who model positive social skills and resiliency for a culturally diverse community.*
- 2. Increased percentage of students who have continuous access to an advocate, mentor, or counselor.*

~Strategic Action Plan Goal 3: “Growth for Every Student, Elimination of the Outcome and Opportunity Gaps”

- 1. Increased percentage of students meeting standards in core subjects.*
- 2. Minimum annual academic growth rate of one year for students at/above grade level, and more than one year for students below grade level.*

To help your child meet the district and school goals, the school, you, and your child will work together to:
