PARENT NOTIFICATION REGARDING STUDENT ELIGIBILITY FOR TITLE I SERVICES

Dear Parent or Guardian of

_____ Kenmore Elementary
Name of Student **Student ID #** **Name of School**

The Northshore School District receives federal and state funds to help students develop strong math and literacy skills. Title I, Part A is a federal program that offers services and interventions to support struggling learners.

The Title I Program at our school provides individual or small group support for students who need more instruction or practice in Reading and/or Math.

Based on your student’s level of academic achievement, we are pleased to be able to provide Title I services to him/her in the content area of Reading _____ and/or Math _____. While your student will continue to receive instruction in the classroom, assistance will also be provided by trained Title I staff.

We utilize district and/or state scores to identify students who need more instruction. We believe your student will benefit from the additional, personalized instruction provided by Title I services. For example, it may be in the form of in-class support (break out rooms) during the reading and/or math block or with small group reading instruction outside of class (separate Zoom meeting times). Students who reach grade level standard may be exited from Title I services at any time during the school year.

I am looking forward to working with you and your student this year. We are excited to be able to offer this opportunity to contribute to your student’s success as a learner.

If you have questions, please call or e-mail me. Darcia Myers
