INTRODUCTION

St George's British International School is an inclusive, non-selective school and one of the leading UK and IB curriculum schools in continental Europe. It offers a broad and rigorous academic programme, a range of co-curricular activities and a strong pastoral system that develops all facets of each pupil's personality so that they can take their place in the world as confident, caring and ambitious individuals. Founded in 1958 to serve Rome's expatriate and international community, the main campus is a 14 acre site in the north of the city, with a further Junior School campus located close to the Vatican in central Rome.

ACCREDITATION

St George's is an accredited member of COBIS and is also a member of CIS, ECIS and the HMC, and exclusive group of private schools in Britain and overseas. St George's has been an IB World School since 1996. The school's Principal is a Board Member of the Council of British International Schools.

FACULTY

The teaching staff at St George's are British nationals, with a small number of teachers also coming from other countries including the US and Ireland. All are highly experienced and have previously taught in schools in the UK or internationally. They each hold university degrees, many have higher degrees and all have postgraduate teaching qualifications.

STUDENT BODY AND CLASSES

The pupils at St George's represent 92 different nationalities. A large number of families have connections to the UN and the Diplomatic community. The annual graduating class typically consists of 75 pupils. An average class size for pupils in the IB Diploma Programme is 14.

CURRICULUM

Although the school follows a strong British curriculum and tradition, with English as the language of instruction, it is truly international in many respects. The celebration of cultural diversity is at the heart of the school's ethos and admission policies. Whilst an expansive range of core and optional subjects are taught at various stages of the curriculum, Mathematics, the Sciences, English and foreign languages are always at the heart of every pupil's curriculum.

CO-CURRICULAR PROGRAMME

An extensive co-curricular programme of over 200 different clubs and activities enables pupils to participate in a wide range of opportunities beyond the curriculum. There are a plethora of creative and performing arts clubs. Sports teams include rugby, football, basketball, hockey, volleyball, athletics and tennis. Other clubs include Model United Nations, Philosophy, Coding, Design, Environmental Awareness, LGBTQIA+ and Student Council. Pupils are also involved in raising funds for an orphanage in Zambia.

IMPACT OF COVID-19

All current classes, including the graduating Class of 2022, have been impacted by the pandemic. The school moved to an online learning programme between March 2020 and June 2020, with pupils attending live remote lessons via Google Classroom. A further two week period of online learning occurred in April 2021, and various classes have been required to self-isolate/undertake remote learning at various periods due to positive cases within the school's community. For the current Year 13 cohort (the Class of 2022), their end of Year 11 report cards reflected their grades as of February 2020, rather than April 2020, due to the impact of the pandemic on assessments. In spite of the challenges imposed by COVID-19, enrolment to the school has increased during the pandemic.

UNIVERSITY DESTINATIONS

St George's graduates have attended the following universities in the past three years. Universities listed in **bold** denote the destinations of the Class of 2021.

United Kingdom

Bath Spa University

BIMM Institute
