

## Swiss + Group of International Schools

**Who are we?** We are a collaborative network of university counsellors based in international schools all over Switzerland. We work together to better serve our students and to facilitate our engagement with universities. Each school has its own unique character and community. We offer qualifications including the International Baccalaureate, The French Baccalaureate, AP, A-Levels, Swiss Matura and US High School Diploma. To find links to our schools please visit: <https://www.swissplus.org/about>

**Our context:** Switzerland hosts a multitude of NGO's, international corporations and international government agencies and in 2020, 25% of the population were reported as foreigners. These represent a highly mobile, well-educated and professional population from all over the world. Students at our schools often have more than one passport, identify as Third-Culture Kids with a global outlook, are multilingual, and have good levels of competence in English. Consequently, they are open to a variety of higher education opportunities around the world.

**Visit us virtually or in person:** we collaborate for virtual visits and do our best to facilitate in person visits. To help with planning our [shared calendar of virtual events can be found here](#).

For the latest travel information, please [check the Federal Office of Public Health](#)

**Please be aware of holidays** as they vary by canton and by school, [here is a link to Swiss national holidays](#)

### **Member Schools Contact List (updated September 2021)**

School	Surname	First Name(s)	Email
