If SW school consolidates funds from discretionary grant programs, the school must still carry out the activities described in the application under which the funds were awarded. However, a schoolwide program school would not need to account separately for specific expenditures of the consolidated Federal funds.			

*Title IIIA- Each school receiving Title IIIA funds from the district is not required to address each of the three core areas (Supplemental LIEP, EL Focused PD and EL Parent Engagement). However, the district is responsible for ensuring that all three areas are being addressed through both district and school initiatives. Therefore, it is possible that a school could submit the Intent and Purpose form that only addresses one area but the district collectively is meeting the intent and purpose. For the purpose of the sample Intent and Purpose form, all three areas are addressed in order to provide examples for each one.

*Title IVA- Each school receiving Title IVA funds from the district is not required to address each of the three core areas (Well-Rounded, Safe and Healthy, and Effective Use of Technology). However, the district is responsible for ensuring that all three areas are being addressed through both district and school initiatives. Therefore, it is possible that a school could submit the Intent and Purpose form that only addresses one area but the district collectively is meeting the intent and purpose. For the purpose of the sample Intent and Purpose form, all three areas are addressed in order to provide examples for each one.

**IDEA Intent and Purpose Definition: IDEA funds are used to pay the excess costs of providing special education and related services for children with disabilities {34 CFR 300.202(a)(2)}. Children with disabilities in a schoolwide program school must receive services in accordance with a properly developed individualized education program (IEP); and be afforded all of the rights and services guaranteed to children with disabilities and their parents under the IDEA including the provision of a free and appropriate education (FAPE).
