Notwithstanding the details presented in the specifications, it being understood that a complete reliable supply of **CALCULATORS** satisfactory to each participant shall be required in all cases.

1.2 The participants reserve the right to add or remove using Departments, Agencies and School Districts from the contract at any time during the contract term.

Only such corrections or addenda as are used by the BOCES in writing to all Contracts shall become a part of the Contract. Any addendum issued during the time of bidding shall be included in bids and become a part of the Contract Agreement.

3. DESCRIPTION OF BOCES:

3.1 The Board of Cooperative Educational Services (BOCES) was created by New York State legislation in 1948. Today, there are thirty-eight organizations in the State. Each has its own governing board, elected by members of the Boards of Education of the component districts. The primary purpose of the BOCES is to provide services to two or more member districts more effectively and economically than one district could provide alone. Each year, the component districts request the services they want their BOCES to provide in the following year. The various requests for services and programs are assembled into an operating plan along with the associated budget. The State Department is required to approve all services before they can be provided to districts. Legal contracts are drawn up and approved by the district, the individual BOCES and the Commissioner of Education.

3.2 BOCES is an educational agency of the State, and must, therefore, adhere to all laws and regulations of the State of New York, which govern the public schools in the State, as well as regulations controlling the BOCES. BOCES receives most of its money from the member districts. In return, the member districts receive BOCES aid based on their relative wealth and need for the service. The various BOCES operate many programs. Generally, the largest programs are associated with Career & Technical and Special Education.

3.3 Wayne-Finger Lakes BOCES covers a four county region and supports 25 component school districts. Students served by BOCES are provided instructional programs including Career and Technical education, programs for children with handicapping conditions, and Adult Education.

Although this bid is issued, evaluated, and awarded by the Wayne-Finger Lakes BOCES at the request of itself and participating school districts, BOCES' liability under contract is limited to coordination and BOCES issued purchase orders only. Districts are required to generate
