PITTSBURGH

2022 Benefits Open Enrollment

Open Enrollment will be held November 1 – 15, 2021.

This is the period each year when you can make changes to your current benefit elections.

First, look at your current benefits. Think about anything that's changed in the past year. Are you supporting more dependents? Have you developed any chronic health conditions? Having an answer to these questions will help you determine if you need more—or maybe less—coverage this year.

Next, it's important to read over the benefit descriptions for this year's offerings. Some benefits may have changed, so don't expect the same coverage as last year without reading over everything first. Additionally, make sure you understand all the terms and definitions used in the descriptions. Not knowing something now could cost you later in the year.

The enrollment deadline is set in stone, so you only have until November 15, 2021 to make your choices—missing it would mean you must go an entire year without insurance.

- **Medical & Pharmacy Plans**
- **Health Savings Account**
