2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Inspire Charter School - North is a tuition-free public charter school offering personalized student learning in grades TK through 12 . We offer multiple educational programs and encourages parents to customize their child's learning experience to help address individual learning needs. Under the direction of caring, appropriately credentialed teachers, students complete an independent study and small group instruction online programs. Students can choose to complete their educational experience completely online, participate in a blended model of online coursework with some direct instruction, complete some offline textbook work, participate in homeschool curriculum, enroll in project-based courses, and enjoy enrichment opportunities.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

This year, we are adding Actions/Services intended to help improve our high school graduation rates and to increase our student performance including:

- Implement four-year graduation rate needs assessment and root cause analysis including related professional development (Goal 4, Action1)
- Implement Project Recovery for students, particularly for unduplicated students including those who are English Learners, Foster Youth, or have a low socio-economic background. (Goal 4, Action 4); and
- Targeted Professional Development for teachers to support students who are performing below grade level standard on the Smarter Balance Assessment or STAR360 (Goal 2, Action 4)

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

We've implemented an RTI model, English Language Development instructional program, and Specialized Academic Instruction services to support students, as well as wet labs for science classes. Additionally, we are emphasizing a data-informed culture as evidenced by the hiring of a Dean of Academics, Director of Student Achievement and Accountability, and Coordinator of Professional Development. Further, we have implemented a schoolwide benchmark assessment window after which teachers analyze results and create individualized student goals.

When reviewing the 2018 California Schools Dashboard results, our Graduation Rate Indicator score improved by 21.7% (95%). Further, our Chronic Absenteeism Indicator improved by 1.3% (0.3%) scoring at the blue performance color. We maintained a 0% Suspension Rate Indicator. Additionally, the number of students who scored at "Prepared" on the College Career Indicator increased by 13.3% (20%).

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the "Red" or "Orange" performance category or where the LEA received a "Not Met" or "Not Met for Two or More Years" rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

When reviewing the 2018 California Schools Dashboard results, our Math Indicator overall score is "Orange." Additionally, the Hispanic and SES (socio-economically disadvantaged) subgroups scored at "Red" in the same indicator. Further, we are reviewing our CTE course pathways and codes within our Student Information System to track student completion better CTE course sequences. We are also collaborating with local colleges to increase the number of Dual Enrollment and Career Technical Education (CTE) courses we offer to students.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

When reviewing the 2018 California Schools Dashboard results, our student performance displayed no performance gaps. Our schoolwide learning objectives (SLOs) were revised through an inclusive process that involved all stakeholder groups to ensure alignment to standards, curriculum, instruction, assessment, and school culture. We have implemented an RTI model, English Language Development instructional program, and Specialized Academic Instruction services to support students. To increase our review of and decisions based on student performance data, we added a Dean of Academics, Director of Student Achievement and Accountability, and Coordinator of Professional Development. We have also introduced a schoolwide benchmark assessment window after which teachers analyze results and create individualized student goals.

Action 3

Planned Actions/Services

- Monitor and intervene on attendance and behavior:
- Monthly analysis of attendance and behavior data by subgroup.
- Special education services to students with emotional and behavioral challenges as required by IEP.
- Notify parent/guardian of attendance concerns and intervene according to attendance and enrollment compliancy procedures.
- Administer, analyze, and respond to results of annual student and staff satisfaction surveys.
- Refine intensive targeted interventions for students with behaviors indicating a likelihood of dropping out or in danger of failing.

Actual Actions/Services

All sub-Actions/Services were met. We met all IEP goals/requirements, administered stakeholder surveys, and refined interventions for students in need of attendance support. For example, we added staff members whose primary jobs is monitoring student attendance and transitions.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

After analyzing the results of our expected annual outcomes, this goal is successful. For example, we were able to conduct a performance review of our credentialed staff, facilitate opportunities for meaningful parent contributions, and to proactively communicate student progress with parents.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Overall this goal was effective. For example, out of approximately 2,612 students, 1,500 participated in teacher-led field trips. Further, over 500 families participated in our Back to School and Makers Fair. Further, our attendance rate remains steady at 95% while our chronic absenteeism declined 1.3% to 0.3% while our suspension/expulsion rate is 0%. While we facilitated opportunities for meaningful parent contributions and all families met with their students HST every month, we are hoping to increase the number of parents who complete the stakeholder surveys. This year, 248 parents participated in our stakeholder survey.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The significant decrease in Action 1 expenditures reflects a miscalculation in expected costs. Reduced Action 2 expenditures are significantly reduced because costs are subsumed within Action 1, Goal 1. Increased costs within Action 3 reflects an increased number of students participating in our intervention protocol.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Based on the need to ensure student engagement and attendance, we determined the need to add additional staff to focus on monitoring of student enrollment and transfers to increase the accuracy of information/data.

The 2018 English Learner Progress Indicator (California Schools Dashboard) scores are based on the results of the ELPAC only. As a result, measuring the increase in the percentage of English Learners (EL) who increased by one level of proficiency from 2017 to 2018 is indeterminable.

The SST includes teachers, parents, intervention specialists, curriculum specialists, and a member of the special education team (psychologist or resource specialist). Through our RTI model, we identified 29 students in need of speech support, 14 were referred for Tier II support, while 8 received Tier III support. We were able to implement all Actions/Services including our RTI model, support of ELs, and offering A-G approved courses.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

The effectiveness of actions 2 and 4 less is less than expected. For action 2, we want to see an increase in the number of students who meet grade-level proficiency after participating in assigned interventions. For action 4, we are focusing on increasing the number of CTE pathways. For example, this year we began to meet with representatives from Palomar Community College to explore available CTE pathways for our students. Also, while our CAASPP participation and performance improved as compared to last year, we are aware of the need to continue our progress. However, nearly 75% (72.4%) of our students scored at Level 3 or 4 on the English Learner Progress.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

The reduction of Action 2 expenditures reflects a decrease in software costs.

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

We did not make any substantive changes to this goal, expected outcomes, or metrics, but we did form an EL Committee and proactively reached to community colleges regarding CTE courses/pathways.

Describe the overall implementation of the actions/services to achieve the articulated goal.

ICS North successfully implemented actions and services related to this goal including providing regular professional development to administrators and teachers, offering CTE and dual enrollment courses, and working closely with students and families to support academic success.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

As a result of the implementation of actions/services, our four-year cohort graduation rate for 2018 is 95%, which is an increase of 21.7% from 2017. Further, 2018 high school cohort dropout rate is 2.5%. When compared to 2017, our cohort dropout rate decreased by 4.2%. Additionally, 100% of our students received an individualized four-year plan from their counselor and 103 enrolled in dual enrollment courses. However, our College Career Indicator results clearly suggest the need to improve in CTE courses and pathways. As measured by the College Career Indicator, 20% of our students scored at Prepared, 17.5% scored at Approaching Prepared, and 62.5% scored at Not Prepared. We are working to increase the number of vertically aligned CTE pathways. For example, this year we added a CTE performing arts pathway. Since 2016, the percentage of students scoring at Approaching Prepared and Prepared has increased by 24.1%.

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

We will use supplemental and concentration funds to augment supports and services to principally benefit targeted unduplicated groups including English learners (EL), foster youth (FY), and socioeconomically disadvantaged (SED) students in a school-wide manner.

We have made a concerted effort to analyze the unique academic, social, and emotional needs of students with an EL, FY, or SED background. The supplemental and concentration funds identified in our LCAP effectively support the needs of our unduplicated students by supporting/augmenting the following actions/services:

- Parent liaison position-this position addresses specific needs of unduplicated students including augmented communication with their families (Goal 4,

Action 2)

- Foster/homeless youth liaison position- this position addresses the specific needs of foster/homeless youth including proactive monitoring of socio-

emotional needs (Goal 4, Action 3)

- Provide professional development to help guide and support administrators, counselors, and teachers in addressing the academic needs of ELs and their families including administering ELPAC, identifying ELs, administering language surveys, and coordinating ELD instruction (Goal 2, Action 3)

- Implement Project Recovery for students, particularly those with an EL, FY, or SED background, who did not re-enroll with Inspire the following school year to decrease the dropout rates in middle and high school (Goal 4, Action 4)

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The supplemental funds will be used to support the development and implementation of support services for English Learners (EL), Foster Youth and Low-Socio-Economic students charter-wide. We recognize the unique needs of low-income students, English Learners, and foster youth. In support of our foster youth, English Learners and at-risk students, we will provide support through our parent liaison and foster-homeless youth liaison. This team will monitor the progress of the identified students, connect students to counseling as needed, and ensure that foster youth transition appropriately to independent study program environment both academically and social-emotionally.

In addition, we will continue to provide Homeschool Teachers (HST) with the instructional support they need through professional development, planning, data analysis, coaching, and knowledge building for teachers. The processing and planning time needed for teachers to collaborate and plan for instruction will come through our monthly professional development with the Director. HSTs work with parents at least every 20 days or more frequently as needed to support students academically and review enrichment activities students are engaged in to ensure students are receiving a broad course of study.

Target support will be provided to the subgroups. Dedicated staff members (Foster-Homeless Youth Liaison and Director of English Language Development) monitored students who were foster youth and/or English Learners to ensure they were on-track academically. In addition, Parent liaisons connected with the students and provided support in connecting with teachers to provide academic support and connect students to local social-emotional services. English learner teacher provided daily ELD for all English Learners. Students were provided opportunities to attend field trips and activities to build collaboration, language, and exposure to the arts and science.

LCAP Year: **2017-18**

Estimated Supplemental and Concentration Grant Funds	Percentage to Increase or Improve Services
\$1,087,251	3.35%

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds (see instructions).

The supplemental funds were used to support the development and implementation of support services for English Learners (EL), Foster Youth and Low-Socio-Economic students charter-wide. Target support will be provided to the subgroups. Dedicated staff members (Foster-Homeless Youth Liaison and Director of English Language Development) monitored students who were foster youth and/or English Learners to ensure they were on-track academically. In addition, Parent Liaisons connected with the students and provided support in connecting with teachers to provide academic support and connect students to local social-emotional services. An English learner teacher provided daily ELD for all English Learners. Students were provided opportunities to attend field trips and activities to build collaboration, language, and exposure to the arts and science. Students were provided interventions such as Pathblazer, Reading Horizons, designated ELD and English in a Flash so that all students have the necessary resources and interventions to be successful. In addition, an Rtl model was utilized to support students who are not making academic progress.

Other action/service specifically aimed toward English Learners was the identification of EL curriculum and tools that will meet the needs of our independent study students, specifically students who lack direct support due to the home language not being English

and who, due to the nature of independent study, often do not receive the individual support they need. Another focus was to provide intervention curriculum to support the subgroups who were falling behind and required intensive interventions. The regular student load for supervising teachers does not allow for the time or focus needed to support the English Development of these students. Curriculum and resources have been identified and a pilot will be used to gauge the effectiveness and appropriateness for all independent study students. Other support services and resources will be offered Charter-wide providing access to ELD for all EL students by a CLAD credential teacher, including tutors and/or small group teaching. Student advisors are assigned to foster youth to ensure an adult is supporting and connecting with the student to keep them on track. All EL tools, support and resources will be available Charter-wide for all students who need additional support in English language development.

Addendum

The Local Control and Accountability Plan (LCAP) and Annual Update Template documents and communicates local educational agencies' (LEAs) actions and expenditures to support student outcomes and overall performance. The LCAP is a three-year plan, which is reviewed and updated annually, as required. Charter schools may complete the LCAP to align with the term of the charter school's budget, typically one year, which is submitted to the school's authorizer. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all students and each student group identified by the Local Control Funding Formula (LCFF) (ethnic, socioeconomically disadvantaged, English learners, foster youth, pupils with disabilities, and homeless youth), for each of the state priorities and any locally identified priorities.

For county offices of education, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all students and each LCFF student group funded through the county office of education (students attending juvenile court schools, on probation or parole, or expelled under certain conditions) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services funded by a school district that are provided to students attending county-operated schools and programs, including special education programs.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in Education Code (EC) sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

Charter schools must describe goals and specific actions to achieve those goals for all students and each LCFF subgroup of students including students with disabilities and homeless youth, for each of the state priorities that apply for the grade levels served or the nature of the program operated by the charter school, and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the EC. Changes in LCAP goals and actions/services for charter schools that result from the annual update process do not necessarily constitute a material revision to the school's charter petition.

Plan Summary

The LCAP is intended to reflect an LEA's annual goals, actions, services and expenditures within a fixed three-year planning cycle. LEAs must include a plan summary for the LCAP each year.

When developing the LCAP, enter the appropriate LCAP year, and address the prompts provided in these sections. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous summary information with information relevant to the current year LCAP.

In this section, briefly address the prompts provided. These prompts are not limits. LEAs may include information regarding local program(s), community demographics, and the overall vision of the LEA. LEAs may also attach documents (e.g., the California School Dashboard data reports) if desired and/or include charts illustrating goals, planned outcomes, actual outcomes, or related planned and actual expenditures.

An LEA may use an alternative format for the plan summary as long as it includes the information specified in each prompt and the budget summary table.

The reference to California School Dashboard means the California School Dashboard adopted by the State Board of Education under EC Section 52064.5.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.
- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Annual Update

The planned goals, expected outcomes, actions/services, and budgeted expenditures must be copied verbatim from the previous year's* approved LCAP; in addition, list the state and/or local priorities addressed by the planned goals. Minor typographical errors may be corrected.

* For example, for LCAP year 2017/18 of the 2017/18 – 2019/20 LCAP, review the goals in the 2016/17 LCAP. Moving forward, review the goals from the most recent LCAP year. For example, LCAP year 2020/21 will review goals from the 2019/20 LCAP year, which is the last year of the 2017/18 – 2019/20 LCAP.

Annual Measurable Outcomes

For each goal in the prior year, identify and review the actual measurable outcomes as compared to the expected annual measurable outcomes identified in the prior year for the goal.

Actions/Services

Identify the planned Actions/Services and the budgeted expenditures to implement these actions toward achieving the described goal. Identify the actual actions/services implemented to meet the described goal and the estimated actual annual expenditures to implement the actions/services. As applicable, identify any changes to the students or student groups served, or to the planned location of the actions/services provided.

Analysis

Using actual annual measurable outcome data, including data from the California School Dashboard, analyze whether the planned actions/services were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions/services to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the data provided in the California School Dashboard, as applicable. Identify where those changes can be found in the LCAP.

Stakeholder Engagement

Meaningful engagement of parents, students, and other stakeholders, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. EC identifies the minimum consultation requirements for school districts and county offices of education as consulting with teachers, principals, administrators, other school personnel, local bargaining units of the school district, parents, and pupils in developing the LCAP. EC requires

charter schools to consult with teachers, principals, administrators, other school personnel, parents, and pupils in developing the LCAP. In addition, EC Section 48985 specifies the requirements for the translation of notices, reports, statements, or records sent to a parent or guardian.

The LCAP should be shared with, and LEAs should request input from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet specific goals.

Instructions: The stakeholder engagement process is an ongoing, annual process. The requirements for this section are the same for each year of a three-year LCAP. When developing the LCAP, enter the appropriate LCAP year, and describe the stakeholder engagement process used to develop the LCAP and Annual Update. When developing the LCAP in year 2 or year 3, enter the appropriate LCAP year and replace the previous stakeholder narrative(s) and describe the stakeholder engagement process used to develop the current year LCAP and Annual Update.

School districts and county offices of education: Describe the process used to consult with the Parent Advisory Committee, the English Learner Parent Advisory Committee, parents, students, school personnel, the LEA's local bargaining units, and the community to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Charter schools: Describe the process used to consult with teachers, principals, administrators, other school personnel, parents, and students to inform the development of the LCAP and the annual review and analysis for the indicated LCAP year.

Describe how the consultation process impacted the development of the LCAP and annual update for the indicated LCAP year, including the goals, actions, services, and expenditures.

Goals, Actions, and Services

LEAs must include a description of the annual goals, for all students and each LCFF identified group of students, to be achieved for each state priority as applicable to type of LEA. An LEA may also include additional local priorities. This section shall also include a description of the specific planned actions an LEA will take to meet the identified goals, and a description of the expenditures required to implement the specific actions.

School districts and county offices of education: The LCAP is a three-year plan, which is reviewed and updated annually, as required.

Charter schools: The number of years addressed in the LCAP may align with the term of the charter schools budget, typically one year, which is submitted to the school's authorizer. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

New, Modified, Unchanged

As part of the LCAP development process, which includes the annual update and stakeholder engagement, indicate if the goal, identified need, related state and/or local priorities, and/or expected annual measurable outcomes for the current LCAP year or future LCAP years are modified or unchanged from the previous year's LCAP; or, specify if the goal is new.

Goal

State the goal. LEAs may number the goals using the “Goal #” box for ease of reference. A goal is a broad statement that describes the desired result to which all actions/services are directed. A goal answers the question: What is the LEA seeking to achieve?

Related State and/or Local Priorities

List the state and/or local priorities addressed by the goal. The LCAP must include goals that address each of the state priorities, as applicable to the type of LEA, and any additional local priorities; however, one goal may address multiple priorities. ([Link to State Priorities](#))

Identified Need

Describe the needs that led to establishing the goal. The identified needs may be based on quantitative or qualitative information, including, but not limited to, results of the annual update process or performance data from the California School Dashboard, as applicable.

Expected Annual Measurable Outcomes

For each LCAP year, identify the metric(s) or indicator(s) that the LEA will use to track progress toward the expected outcomes. LEAs may identify metrics for specific student groups. Include in the baseline column the most recent data associated with this metric or indicator available at the time of adoption of the LCAP for the first year of the three-year plan. The most recent data associated with a metric or indicator includes data as reported in the annual update of the LCAP year immediately preceding the three-year plan, as applicable. The baseline data shall remain unchanged throughout the three-year LCAP. In the subsequent year columns, identify the progress to be made in each year of the three-year cycle of the LCAP. Consider how expected outcomes in any given year are related to the expected outcomes for subsequent years.

The metrics may be quantitative or qualitative, but at minimum an LEA must use the applicable required metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. For the student engagement priority metrics, as applicable, LEAs must calculate the rates as described in the [LCAP Template Appendix, sections \(a\) through \(d\)](#).

Planned Actions/Services

For each action/service, the LEA must complete either the section “For Actions/Services not included as contributing to meeting Increased or Improved Services Requirement” or the section “For Actions/Services included as contributing to meeting the Increased or Improved Services Requirement.” The LEA shall not complete both sections for a single action.

For Actions/Services Not Contributing to Meeting the Increased or Improved Services Requirement

Students to be Served

The “Students to be Served” box is to be completed for all actions/services except for those which are included by the LEA as contributing to meeting the requirement to increase or improve services for unduplicated students. Indicate in this box which students will benefit from the actions/services by entering “All”, “Students with Disabilities”, or “Specific Student Group(s)”. If “Specific Student Group(s)” is entered, identify the specific student group(s) as appropriate.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must identify "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering "Specific Schools" and identifying the site(s) where the actions/services will be provided. For charter schools operating only one site, "All Schools" and "Specific Schools" may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

For Actions/Services Contributing to Meeting the Increased or Improved Services Requirement:

Students to be Served

For any action/service contributing to the LEA's overall demonstration that it has increased or improved services for unduplicated students above what is provided to all students (see Demonstration of Increased or Improved Services for Unduplicated Students section, below), the LEA must identify the unduplicated student group(s) being served.

Scope of Service

For each action/service contributing to meeting the increased or improved services requirement, identify the scope of service by indicating "LEA-wide", "Schoolwide", or "Limited to Unduplicated Student Group(s)". The LEA must identify one of the following three options:

- If the action/service is being funded and provided to upgrade the entire educational program of the LEA, enter "LEA-wide."
- If the action/service is being funded and provided to upgrade the entire educational program of a particular school or schools, enter "schoolwide".
- If the action/service being funded and provided is limited to the unduplicated students identified in "Students to be Served", enter "Limited to Unduplicated Student Group(s)".

For charter schools and single-school school districts, "LEA-wide" and "Schoolwide" may be synonymous and, therefore, either would be appropriate. For charter schools operating multiple schools (determined by a unique CDS code) under a single charter, use "LEA-wide" to refer to all schools under the charter and use "Schoolwide" to refer to a single school authorized within the same charter petition. Charter schools operating a single school may use "LEA-wide" or "Schoolwide" provided these terms are used in a consistent manner through the LCAP.

Location(s)

Identify the location where the action/services will be provided. If the services are provided to all schools within the LEA, the LEA must indicate "All Schools". If the services are provided to specific schools within the LEA or specific grade spans only, the LEA must enter "Specific Schools" or "Specific Grade Spans". Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades K-5), as appropriate.

Charter schools operating more than one site, authorized within the same charter petition, may choose to distinguish between sites by entering “Specific Schools” and identify the site(s) where the actions/services will be provided. For charter schools operating only one site, “All Schools” and “Specific Schools” may be synonymous and, therefore, either would be appropriate. Charter schools may use either term provided they are used in a consistent manner through the LCAP.

Actions/Services

For each LCAP year, identify the actions to be performed and services provided to meet the described goal. Actions and services that are implemented to achieve the identified goal may be grouped together. LEAs may number the action/service using the “Action #” box for ease of reference.

New/Modified/Unchanged:

- Enter “New Action” if the action/service is being added in any of the three years of the LCAP to meet the articulated goal.
- Enter “Modified Action” if the action/service was included to meet an articulated goal and has been changed or modified in any way from the prior year description.
- Enter “Unchanged Action” if the action/service was included to meet an articulated goal and has not been changed or modified in any way from the prior year description.
 - If a planned action/service is anticipated to remain unchanged for the duration of the plan, an LEA may enter “Unchanged Action” and leave the subsequent year columns blank rather than having to copy/paste the action/service into the subsequent year columns. Budgeted expenditures may be treated in the same way as applicable.

Note: The goal from the prior year may or may not be included in the current three-year LCAP. For example, when developing year 1 of the LCAP, the goals articulated in year 3 of the preceding three-year LCAP will be from the prior year.

Charter schools may complete the LCAP to align with the term of the charter school’s budget that is submitted to the school’s authorizer. Accordingly, a charter school submitting a one-year budget to its authorizer may choose not to complete the year 2 and year 3 portions of the “Goals, Actions, and Services” section of the template. If year 2 and/or year 3 is not applicable, charter schools must specify as such.

Budgeted Expenditures

For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by EC sections 52061, 52067, and 47606.5.

Expenditures that are included more than once in an LCAP must be indicated as a duplicated expenditure and include a reference to the goal and action/service where the expenditure first appears in the LCAP.

If a county superintendent of schools has jurisdiction over a single school district, and chooses to complete a single LCAP, the LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted expenditures are aligned.

Demonstration of Increased or Improved Services for Unduplicated Students

This section must be completed for each LCAP year. When developing the LCAP in year 2 or year 3, copy the "Demonstration of Increased or Improved Services for Unduplicated Students" table and enter the appropriate LCAP year. Using the copy of the section, complete the section as required for the current year LCAP. Retain all prior year sections for each of the three years within the LCAP.

Estimated Supplemental and Concentration Grant Funds

Identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner students as determined pursuant to California Code of Regulations, Title 5 (5 CCR) Section 15496(a)(5).

Percentage to Increase or Improve Services

Identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. This description must address how the action(s)/service(s) limited for one or more unduplicated student group(s), and any schoolwide or districtwide action(s)/service(s) supported by the appropriate description, taken together, result in the required proportional increase or improvement in services for unduplicated pupils.

If the overall increased or improved services include any actions/services being funded and provided on a schoolwide or districtwide basis, identify each action/service and include the required descriptions supporting each action/service as follows.

For those services being provided on an LEA-wide basis:

- For school districts with an unduplicated pupil percentage of 55% or more, and for charter schools and county offices of education: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities.
- For school districts with an unduplicated pupil percentage of less than 55%: Describe how these services are **principally directed to** and **effective in** meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the services are **the most effective use of the funds to** meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience or educational theory.

For school districts only, identify in the description those services being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis:

- For schools with 40% or more enrollment of unduplicated pupils: Describe how these services are **principally directed to** and **effective in** meeting its goals for its unduplicated pupils in the state and any local priorities.
- For school districts expending funds on a schoolwide basis at a school with less than 40% enrollment of unduplicated pupils: Describe how these services are **principally directed to** and how the services are **the most effective use of the funds to** meet its goals for English learners, low income students and foster youth, in the state and any local priorities.

APPENDIX A: PRIORITIES 5 AND 6 RATE CALCULATION INSTRUCTIONS

For the purposes of completing the LCAP in reference to the state priorities under *EC* sections 52060 and 52066, as applicable to type of LEA, the following shall apply:

(a) “Chronic absenteeism rate” shall be calculated as follows:

- (1) The number of K-8 students who were absent 10 percent or more of the school days excluding students who were:
 - (A) enrolled less than 31 days
 - (B) enrolled at least 31 days but did not attend at least one day
 - (C) flagged as exempt in the district attendance submission. K-8 students are considered to be exempt if they:
 - (i) are enrolled in a Non-Public School
 - (ii) receive instruction through a home or hospital instructional setting
 - (iii) are attending a community college full-time.
- (2) The number of students who meet the enrollment requirements.
- (3) Divide (1) by (2).

(b) “High school dropout rate” shall be calculated as follows:

- (1) The number of cohort members who dropout by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

(c) “High school graduation rate” shall be calculated as follows:

(1) For a 4-Year Cohort Graduation Rate:

- (A) The number of students in the cohort who earned a regular high school diploma by the end of year 4 in the cohort.
- (B) The total number of students in the cohort.

 - (i) a regular high school diploma
 - (ii) a High School Equivalency Certificate
 - (iii) an adult education diploma
 - (iv) a Certificate of Completion and was eligible for the California Alternative Assessment if under the age of 20.
- (B) The number of students in the DASS graduation cohort.
- (C) Divide (1) by (2).

(d) “Suspension rate” shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
- (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
- (3) Divide (1) by (2).
