Hello RAHS Families and Community –

Congratulations go out this week for our **Sea Tac-Tukwila October Rotary Students of the Month, Katie Pacini and Edward Duong**. These two outstanding seniors were recognized by the staff for their leadership, community service and dedication to their academic success. Among many other things, Katie demonstrates these pillars daily in her role as ASB President and her involvement with Science Olympiad, and Edward is a leader in Science Olympiad and Robotics and gives back to his local food bank. Congrats again Katie and Edward – we are proud of you!

We are very excited to welcome many of our mentors back into the building in our first set of Mentor Social events. So that we can ensure social distancing and safety measures, these three events will be broken up by career focus on Tuesday, Wednesday and Thursday this week. Please see the info included in this NOTAM if you are interested in participating. Thank you in advance for all of the **mentors and partners** who are stepping up to ensure our students have a myriad of opportunities to connect with the aviation and aerospace community.

This week brings our final **testing day** for this fall. Monday, October 25, students in **grade 9 and grade 12** will be completing the State Science Assessment. We appreciate all of the flexibility and dedication during these last several weeks of testing.

Have a wonderful week everyone.

Therese Tipton

PTA Reflections Contest

The Raisbeck Aviation PTA is looking for art submissions for this year's National PTA Reflections contest. The Reflections Contest is a themed, national contest that encourages students to express themselves and increase their involvement in the arts. The theme this year is: "I Will Change the World By..."

Students will compete in the High School Division for grades 9-12. Students can submit to more than one category, but are only allowed one submission per category. The categories are: Dance, Film, Literature, Music Composition, Photography, and Visual Arts.

Detailed entry rules can be found at www.wastatepta.org/events-programs/reflections under the Student Entry Rules Tab. Or you can view our PTA's [Google Slide Presentation](#) which provides a more simple step by step overview of the Reflections Contest.

Any student with a disability as defined under the Americans with Disabilities Act can submit to the Special Artist Division. More information can be found under the Special Artist Division Tab. The PTA has a small budget and can help purchase materials for any student in need. To request assistance, or if you have any other questions regarding the reflections contest, please email Raisbeckreflections@gmail.com.

Your contest submission, along with a [student entry form](#), must be completed and submitted by **Monday, November 29th**. After the PTA has received all submissions, local artists will review the submissions and decide which submissions should advance to the state level. At the state level student's submissions will compete against other highschoolers in the state. The winners at the state level will go on to compete nationally in Washington D.C. Competing at this level is a very prestigious honor.

Parents are asked to encourage and support their students with time management, materials, etc., but are asked to not assist in any way with the students interpretation of the theme or artistic expression.

Again, please reach out with any questions to Raisbeckreflections@gmail.com.

Thank you,
