Digital Citizenship

A digital citizen is one who knows what is right and wrong, exhibits intelligent technology behavior, and makes good choices when using technology.

- THINK Is it:
 - True?
 - Helpful?
 - Inspiring?
 - Necessary?

Proper Use of Social Media

- 1. <u>Keep your identity secure.</u> Use nicknames and don't post your locations until after you have returned home.
- 2. Keep your account secure. and keep your passwords private. Increase account security by using hard to guess passwords.
- 3. Keep personal information to yourself. Set your profiles to private on social networking sites.

Proper Use of Social Media

- 4. <u>Keep yourself secure.</u> Pay close attention to what people post. They may be trying to gather more information about you. Never agree to meet someone in-person!
- 5. <u>Keep your future secure.</u> Think about what images or information you post. What you post can impact your future employment and continuing education.
- 6. Keep your family secure. Spend time with your family online and help them understand technology.

Proper Use of Social Media

- 7. <u>Keep it clean.</u> Do not respond to mean or rude messages. Never post images of someone without their permission.
- 8. <u>Keep your cool.</u> Think about how to respond to posts. If someone is making you feel uncomfortable, then do not reply back. Talk to your parents right away.

- THINK
 - Is it true?
 - Is it helpful?
 - Is it necessary?
 - Is it kind?

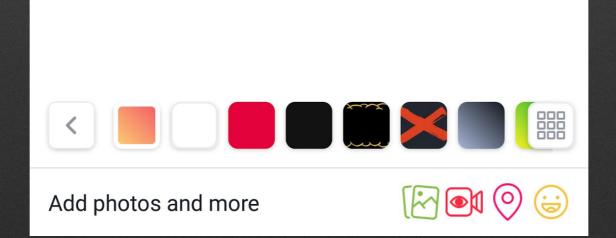

Yo I really dislike my math class. My teacher confuses half of the class, including myself, and just leaves us to fail.

California takes Action

A bill passed in California by Governor Jerry Brown states that students enrolled in California public schools will face expulsion from school if he or she is found guilty of bullying other students by sharing nude photos or harassing photos.

Consequences for Cyberbullying are not only at school, a person convicted of cyberbullying in California faces:

- A sentence of up to a year in jail
- A fine of \$1,000
- Or BOTH (Cal. Pen. Code 653.2)

Internet Don'ts

- Don't reveal your personal information such as full name, home address, or school to anyone that you don't know and trust
- Don't give away your passwords
- Don't forget to log off the computer or iPad
- Don't communicate online with strangers
- Don't disregard age limit for social networking sites

Cyber-Awareness

- Tell a trusted adult about the bullying and if at school tell a teacher or administrator.
- Don't open or read messages from cyber bullies.
- Don't erase the messages they may be needed to take action.
- Protect yourself: never agree to meet face to face with anyone you meet online.
- If bullied through chat or instant messaging, the "bully" can often be blocked.
- You NEVER know what students are going through at home/school, your words may be too much for someone to handle.
