Northwest Independent School District

## Application for Approval of External Research Proposal

The Northwest Independent School District is interested in participating in research efforts that will enhance the development of its students and students in general. The Curriculum and Instruction Department shall be responsible for investigating the advisability of District participation in research projects initiated or sponsored by individuals and agencies outside the District, or in research projects undertaken by District employees who wish to conduct programs or research to meet requirements of college or university courses, or for other reasons.

Please fill out the form below and submit seven copies to the Assistant Superintendent for Curriculum and Instruction.

Person Conducting Research	Date
Title of Research Project:	
University or Affiliated Organization:
