SITE ANALYSIS

PROGRAM TEST FIT

LARGE GROUP ACTIVITY

LARGE GROUP ACTIVITY

heart of the campus:

- ♥ where do you think the existing heart of campus is?
if you are showing a guest the campus, what is a must see?

nodes:

- where do student typical hangout and socialize with friends before school, after school and in between class?
- where to student typically study and/or collaborate with fellow peers on individual or groups assignments | projects?
- where do student typically eat on campus?

entry / exit points:

- Where do student arrive? Where do students enter the campus?

daily paths:

ex. car to classroom, classroom to cafeteria, classroom to athletics, athletics to car.

- primary path
- ■ ■ ■ ■ secondary path

LARGE GROUP ACTIVITY

LARGE GROUP ACTIVITY

divide into 2 smaller teams

each group has planning blocks for the program pieces shown at the bottom of your team board.

each block represents a 1 story 15' volume

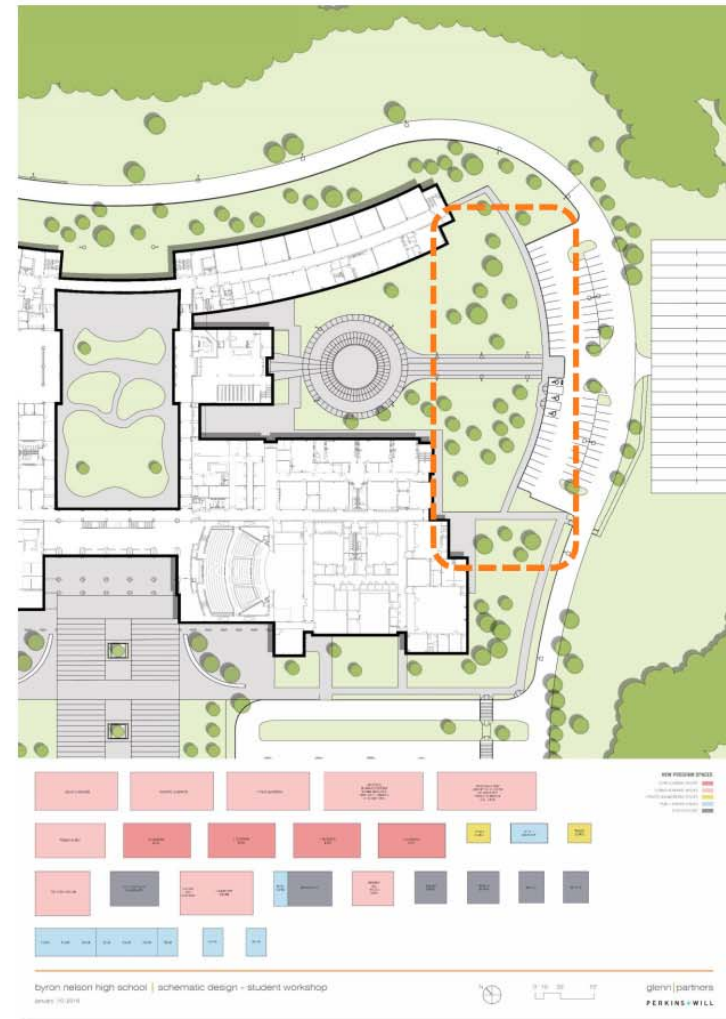

the predominant buildable area is outlined with the orange dashed line. It is possible that some program pieces could be located outside of this boundary.

work as a team to locate | stack the large program pieces placing them where you feel they should be located.

consider program adjacencies: which program pieces should be located near other program pieces.

consider which floor level: level 01? level 02? level 03?

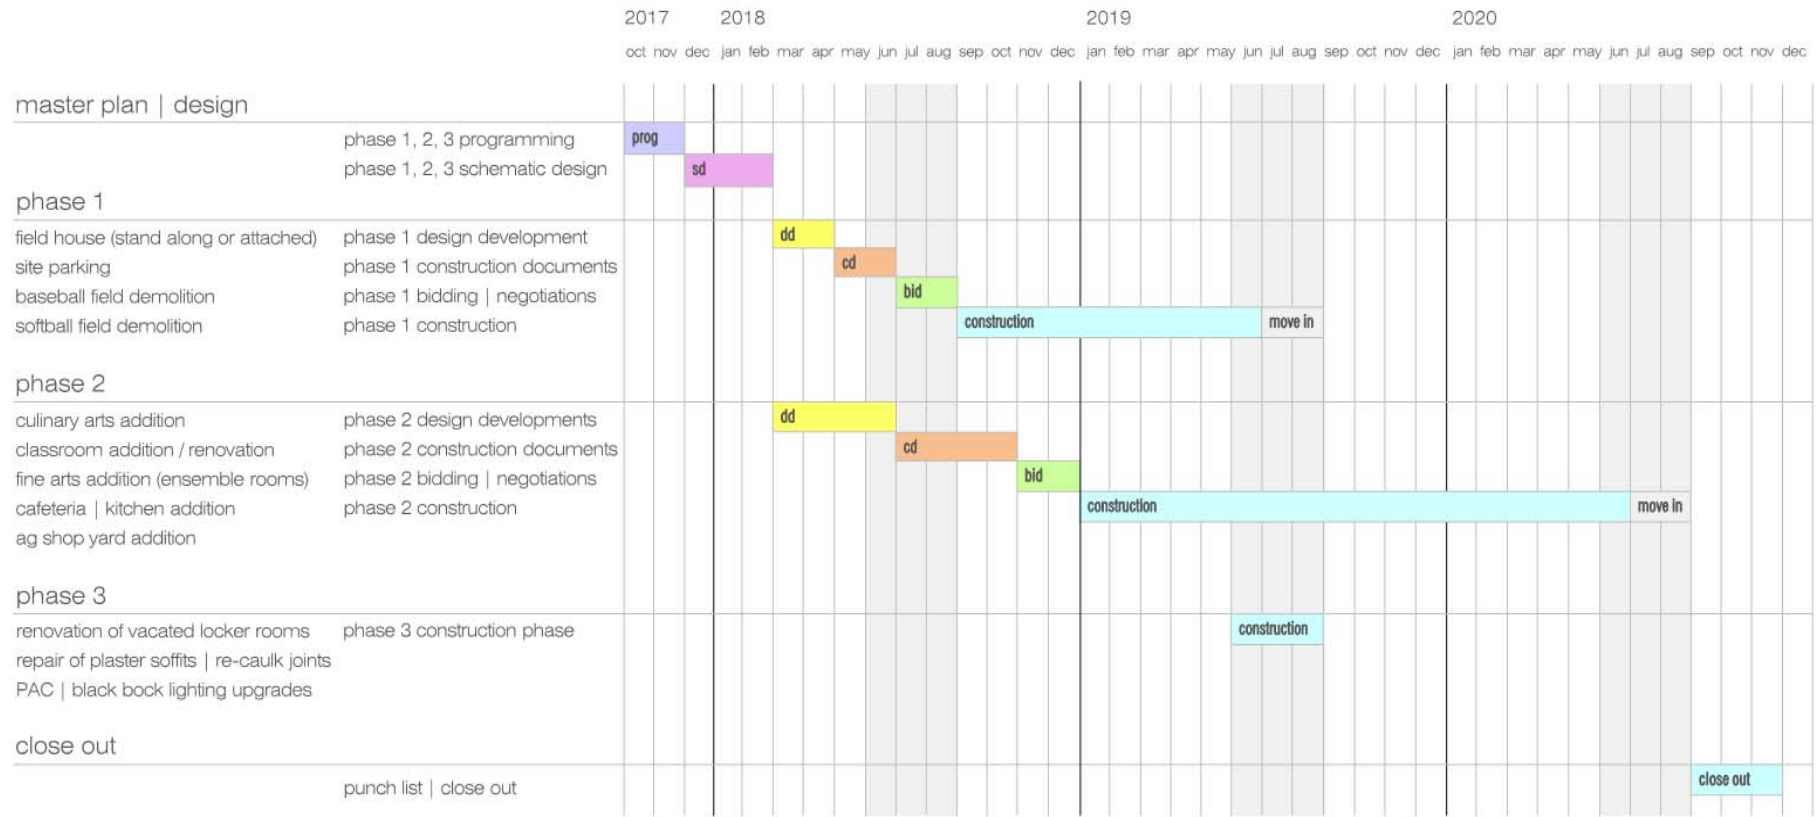

helpful hint: It is sometimes beneficial to start by placing the large pieces first and to then fill in with the smaller pieces.
